REMARKS.—These bills cannot be passed by this Office, as the items of expenditure shown therein do not tally with those exhibited in the Progress Reports on account of different estimates. The reason for the discrepancy is explained in the Superintending Engineer's letter, No. 2,289, dated 30th April 1866, from which it will be seen that Captain Bean charged against the repair estimate an amount of expenditure which was not incurred upon it, but upon the estimate for re-construction.
