*Proceedings of the Madras Government, Public Works Department,
7th June 1866.*

No. 138. Read the following Proceedings of the Board of Revenue, dated 25th May 1866, No. 3,608.

Read the following Proceedings of the Madras Government, dated 17th May 1866, No. 1,587, Public Works Department:—

ABSTRACT.—Requesting the Board to call upon the Collector of Vizagapatam to furnish a statement of the works of irrigation in the Survasiddhi Talook, which are not in an efficient state of repair, &c.

1. Communicated to the Collector of Vizagapatam, who will furnish the information called for by Government in paragraphs 2 and 3 of the Government Order.

2. With reference to paragraph 4 of the Government Order, the Board beg leave to remark that it is precisely because they are aware of the utter inadequacy of the very limited sum assigned to this Government for the repair of the numerous irrigation works on which the revenue of the State is so largely dependant, that they so often press on the consideration of Government the absolute necessity of devising some means of augmenting the amount.

3. The Board will at once call on all Collectors to submit nominal lists of the more important irrigation works which, in their respective Districts, are most urgently in need of repair.
