*Proceedings of the Madras Government, Public Works Department,
7th June 1866.*

No. 142. Read the following letter from the Officiating Superintending Engineer, [4th Division, to the Secretary to Government, Public Works Department, dated Madras, 30th May 1866, No. 347 :—

1. I have the honor to submit, for the orders of Government, a letter received from the Acting Mint Master, requesting that a sum of Rupees 7,400 may be placed at his disposal for executing certain works at the Mint, as particularized in the margin.

Rupees 2,200 for setting up five new Stamping Presses.
Rupees 5,200 for building a Coal-shed, &c.
Rupees 7,400.

2. In G. O. No. 1,161, dated 16th April 1866, Rupees 5,200 were sanctioned for building a coal-shed, and this amount was entered in the Statement No. II., forwarded in my letter No. 273, dated 25th May 1866. For the other work, no orders have been received from Government.

No. 143. ORDER THEREON, 7th June 1866, No. 1,798.

ACCOUNT, No. 14.

* From the Reserve under "Civil Buildings." The Government sanction a grant* of Rupees 2,200 for setting up at the Mint the five new Stamping Presses lately received from England, but they regret that the present state of the funds at their disposal for appropriation to Public Works precludes the possibility of an assignment being made for the execution of the other improvements referred to in the Mint Master's letter. They must, therefore, be deferred.
