*Proceedings of the Madras Government, Public Works Department,  
11th June 1866.*

No. 211. Read the following letter from the Inspector General of Ordnance and Magazines, to the Secretary to Government, Department Public Works, dated Fort Saint George, 20th May 1866, No. 21. —

With reference to the Proceedings of Government; No. 2,157, dated 31st July 1833, I have the honor to request that, as the Grand Magazine still remains unused for the purpose for which it was taken from the Ordnance Department, Government will be pleased to cause it to be restored to this Department, as it is most urgently required for the preservation of the new pattern projectiles of a costly description, requiring careful stowage and protection, as the brass fittings are liable to be pilfered if piled up in an open arcade. In addition to these, secure stowage is also required for various other articles of similar character. I may state that it is not contemplated to place any powder in the Magazine in question.

No. 112. ORDER THEREON, 11th June 1866, No. 1,827.

MILITARY WORKS, No. 14.

Under the circumstances explained by the Inspector General of Ordnance and Magazines, the Government authorize the restoration to the Ordnance Department of the Grand Magazine in Fort Saint George.
