Not to be folded or roughly handled

Proceedings of the Madras Government, Public Works Department,
13th June 1866.

No. 269. Read the following Endorsement of the Consulting Engineer for Irrigation and Canal Company, dated Madras, 29th May 1866, No. 13.—
Read the following letter from the Agent and Manager Madras Irrigation and Canal Company, to the Consulting Engineer for Irrigation and Canal Company, dated Madras, 26th May 1866, No. 37.

1. I regret to have to inform you that in the month of March last a fire broke out in the Apothecary's quarters at Bowanassy, and before it could be got under the building was almost entirely consumed, together with the bulk of the medicines and instruments deposited therein.

2. The Executive Engineer of the Division, Mr. H. C. Cotton, states that he has not been able to arrive at any satisfactory conclusion as to the origin of the fire.

3. The delay in advising you of this occurrence has arisen from the difficulty I have experienced in arriving at the actual quantities of the drugs, &c., consumed.

4. I now have the honor to hand you a monied list of the articles destroyed, and I shall be glad if you will obtain the necessary authority for writing the amount off to profit and loss.

* MADRAS IRRIGATION AND CANAL COMPANY.

List of Medicines, &c., destroyed by fire (with their prices) belonging to Bowanassy Division.
