*Proceedings of the Madras Government, Public Works Department,
13th June 1866.*

No. 282. Read the following letter from the Superintending Engineer, 2nd Division, to the Secretary to Government, Department Public Works, dated Masulipatam, 29th May 1866, No. 15 :—

1. During next irrigation season there will be five calingulahs and one lock in use on the western bank and Vellatoor channels ; the first at Kolloor, second at Vellatoor, third and fourth near Pennoomoody, and the fifth at Bratteprole, 2½ miles from Vellatoor ; the lock being that at Ravindrapad, where the western bank channel takes off from the main canal.

2. I solicit the sanction of Government for the following establishment to remain in charge of these important works :—

1 Goomastah at 15 Rupees per mensem	Rs. 15
7 Lascars at 6 Rupees each per do	„ 42

—
Total Rupees · 57

3. The Goomastah will have control of all the works, and will so arrange his men that whilst each work is looked after, they can be easily brought together for the purpose of opening and closing the shutters, &c., when necessary. The traffic through the lock having hitherto been almost entirely confined to Government boats passing with stone at considerable intervals, I have not thought it necessary to apply for the usual Lock Establishment.

No. 283. ORDER THEREON, 13th June 1866; No. 1,857.

ESTABLISHMENT, No. 19.

1. The Government approve of the establishment proposed by the Superintending Engineer of the 2nd Division for the working of five calingulahs and a lock in the western bank and Vellatoor channels of the Kistna District, and the sanction of the Government of India will be applied for on Colonel Winscom furnishing the usual Tabular Statement in the prescribed form.

2. The Superintending Engineer will report from what date the establishment is required, and whether provision has been made for it in the current year's Budget.
