*Proceedings of the Madras Government, Public Works Department,
14th June 1866.*

No. 308. Read the following letter from the Officiating Superintending Engineer, 4th Division, to the Secretary to Government, Public Works Department, dated Madras, 5th June 1866, No. 415:—

1. The Executive Engineer, No. 2 or Southern Range, Presidency District, has forwarded to me an estimate, Rupees 24, for supplying twelve lanterns to the Government House at Madras, on the requisition of the Private Secretary, he also informed me that he had been asked to furnish a meat-safe, movable mangers, &c.

2. I do not remember on any former occasion, since I have been connected with this Division, (since 1860,) that similar estimates have been submitted to me to pass, and I was always under the impression that as under the Public Works Code, fixtures only are to be provided by the Public Works Department, that Chapter V, paragraph 107.

the Barrack Master had been in the habit of supplying such movables as were not included in the Government House monthly contingent allowance.

3. It would appear, however, by a letter from Colonel Worster to the Executive Engineer, No. 2 or Southern Range, that it has not fallen to the lot of his department to supply any thing to Government House.

4. In order to ascertain what practice has been in force at Guindy Government House, I addressed the Executive Engineer, Mount Range, on the subject. In his reply he observes that "he knows of no case of the Executive Engineer having supplied to Government House, Guindy, any of the articles" in question.

5. I have the honor, therefore, to solicit the orders of Government as to whether I am to pass the estimate, Rupees 24, herein forwarded, and other similar estimates for movable furniture for Government House.

Sir,

The Executive Engineer N^o 2 or
Southern Range Presidency District, has
forwarded to me an Estimate Rupees 24,
for supplying 12 Lanterns to the Govern-
ment House at Madras, on the requisition
of the Private Secretary, he also informed
me that he had been asked to furnish
a meat-safe, moveable mangers, &c.
2.

I do not remember on any for-
mer occasion since I have been con-
nected with this Division, (since 1860,
that similar Estimates have been sub-
mitted to me to pass, and I was always
under

under the impression that as under the Public Work Code, fixtures only are to be provided by the Public Works Department; that the Barrack Master had been in the habit of supplying such moveables, as were not included in the Government House Monthly Contingent Allowance.

3. It would appear however by a letter from Colonel Norton to the Executive Engineer N. 2 or Southern Range, that it has not fallen to the lot of his Department to supply anything to Government House.

4. In order to ascertain what practice has been in force at Gwindi Government House, I addressed the Executive Engineer Mount Range on the subject. In his reply he observes that he knows of no case of the Executive Engineer having supplied to Government House Gwindi any of the articles in question.

5. I have the honor therefore to solicit the orders of Government as to whether I am to pass the Estimate Rupees 24 herein forwarded and other similar Estimates for moveable furniture for Government House.
