*Proceedings of the Madras Government, Public Works Department,  
16th June 1866.*

No. 360. Read the following Endorsement of the Acting Superintending Engineer, 4th Division, dated Madras, 6th June 1866, No. 444 :—

Read the following letter from the Executive Engineer, Mount Range, to the Superintending Engineer, 4th Division, dated Mount, 5th March 1866, No. 17.

1. In reply to your letter No. 58, dated 3rd May 1866, I have the honor to inform you that no earth-store or cart-shed has as yet been provided at the Mount, because the system of dry earth conservancy has not yet been introduced.

2. I have submitted to the Sanitary Commission plans of a privy with multiple self-acting earth discharging apparatus and earth store and cart-shed attached, but they recommended some alteration in the position of the pan. I have accordingly had two new apparatuses constructed, which I believe will answer every purpose, a building to accommodate them is *now being erected* in the Garrison Hospital and will be shortly completed. If my method meet the approval of the Sanitary Commission, a large privy of the same principle can at once be built near one of the Barracks, and earth store and cart-shed attached to it.

1. Submitted to Government in continuation and with reference to paragraph 4 of the Superintending Engineer's letter, No. 3,501, dated 8th January 1866.

2. With regard to paragraph 3 of the Superintending Engineer's letter just quoted, it may be stated that the earth stores and cart-sheds for the General Hospital are not yet estimated for. Rough plans of the same and a general site plan are now with the Principal Inspector General, Medical Department.

(Signed) J. GODDARD, Captain, R. E.,  
*Acting Superintending Engineer, 4th Division.*

No. 361. ORDER THEREON, 16th June 1866, No. 1,896.

MILITARY WORKS, No. 23.

To  
The Quartermaster General  
Mount. Range  
The Superintending Engineer  
Lt. Col. Madsen  
Sir

In reply to your letter No 58  
dated 3<sup>rd</sup> May 1866 I have the  
honour to inform you that no earth  
storage cart shed has as yet been pro-  
vided at the Mount because the  
system of dry earth conservancy has  
not yet been introduced.

to the Sanitary Commission

I have submitted plans of a privy  
with multiple self acting earth dis-  
charging apparatus and earth store  
and cart shed attached but they re-  
commended some alteration in the  
position of the privy. I have accordingly  
had two new apparatuses constructed  
which I believe will answer every pur-  
pose. a building to accommodate  
them is now being erected in the  
Garrison Hospital which will be  
shortly

Shortly completed. If my method  
- meet the approval of the Sanitary  
Commission - a large prison of the same  
principle can at once be built near one  
of the Barracks & earth store & cart  
shed attached to it.

I have the honor to be  
Yours Sir  
most obedient servant

 11th Street.  
 New York.  
 4th Sept. 1845.  
 Capt. Rogers.  
 Dear Sir,  
 I have the honor to acknowledge the receipt of your letter of the 26th inst. in relation to the purchase of the land for the purpose of building a new church for the use of the African Methodist Episcopal Church in New York City. I am very glad to hear that you are so interested in the cause, and I am sure that the land will be purchased and the church built. I am, Sir, very respectfully,  
 Yours truly,  
 Edward Davis.
