Proceedings of the Madras Government, Marine Department,
11th June 1866.

No. 18. Read the following letter from the Superintendent of Marine, to the Acting Chief Secretary to Government; Fort Saint George; dated Madras, 6th June 1866, No. 2171:

I have the honor to inform you that the sum of Rupees 2222-14-8 having accumulated from the sale of Flotsams and Jetsams recovered on the coasts of Madura, I addressed the Collector of that District, in December 1864, with a view to its expenditure in improvements connected with shipping and trade. That Officer suggested certain works at Keelakarry, a port on the southern coast of the district, having a considerable trade with Ceylon and other places. Thereon estimates were called for, and one from the Superintending Engineer of the 8th Division, amounting to Rupees 2200, has now been received.

2. This estimate provides for cutting a boat passage through a ridge of rocks lying about 40 yards from the beach in front of the Custom House; for adding stone to that part of the reef to be left, so as to form a better protection to boats when inside; for a pavement of rough stone, in chunnam, in front of the building, and a stone slope down to the water. It also provides for a stone-flooring to a room in the old Cutcherry, for a tiled shed on the sea front, and for certain repairs to the road.

3. The works contemplated will be a great improvement to the port, and I solicit permission to appropriate the sum in question (Rupees 2200) for the purpose of carrying them out.

No. 19.

ORDER THEREON, 11th June 1866, No. 142.

Sanctioned.

(True Extract).
