Proceedings of the Madras Government, Public Works Department,
21st June 1866.

No. 459. Read the following letter from the Superintending Engineer, 2nd Division, to the Secretary to Government, Department Public Works, dated Masulipatam, 31st May 1866, No. 17:—

With reference to G. O. No. 1,607, dated 21st May, calling on me to submit a revised estimate for the contemplated improvements to the Nellore Jail, after arranging for the proposed widening of the solitary cells by four feet; I have the honor to point out that the improvement can be made at once by reducing the dimensions of the rooms adjacent to the cells, viz., the rice clearing room and that for State prisoners, from 26' x 10' to 22' x 10' each, without in any way altering the estimated sums, as the dividing walls would have to be newly built in either case, and the only alteration is in their position. The plan is herewith re-

submitted, the needful change having been made in it. I would therefore request that the balance of the estimate, viz., Rupees 1,630,* may be sanctioned from the Reserve, in order that the whole work may be carried out during the current year.
