No. 668. Read the following letter from the Controller of Public Works Accounts, to the Secretary to Government, Public Works Department, dated Madras, 18th June 1866, No. 804:—

In continuation of my letter to your address of the 14th instant, No. 718, I

have the honor to submit for disposal by the Government the Progress Report and Account Current of the Officer in charge of the third Range, Trichinopoly District, for the month of May last, from these documents it appears he had in hand a cash credit of Rupees 965-7-8 at the close of the official year, he obtained for that month an additional credit for Rupees 1,100, and his expenditure was, during the same period, Rupees 368-3-2 on establishments, and nothing under any other head: he has obtained a further credit for Rupees 2,100 for the month of June. This Officer has apparently no Subordinates under him, he must therefore conduct the cash transactions of his Range entirely himself; he may have had executed more work in May than he was able to measure and pay up for, but his expenditure in the previous official year was under Rupees 1,000 a month on the average, so that I am at a loss to see the necessity there was for his obtaining so much money from the Superintending Engineer, and purpose, therefore, in this instance also to await the orders of Government before giving the clearance.

No. 669.

ORDER THEREON, 28th June 1866, No. 2,041.

ACCOUNT, No. 58.

This letter will be referred to the Superintending Engineer of the 6th Division for report, but the Government see no necessity for the Controller withholding the clearance for May 1866, till the receipt of the Superintending Engineer's explanation.

The Controller of P.W. Accounts.
To
The Secretary to Government.
P.W. Department.

Sir,

Enc. 2.

In continuation of my letter to your
address of the 14th Instant No. 718 I have
the honor to submit for disposal by the
Government the Progress Report and A/c.
of the Officer in charge of the 3rd Range
Trichinopoly District for the month of
May last. From these documents it
appears he had in hand a cash credit
of Rs. 965-7-8 at the close of the official
year, he obtained for that month an addi-
tional credit for Rs. 1100 and his expenditure
was during the same period Rs. 368-3-2
on Establishments and nothing under
any other head: he has obtained a further
credit for Rs. 2100 for the month of June.
This Officer has apparently no subordinates
under him, he must therefore conduct the
cash transactions of his Range entirely him-
self, he may have had executed more
work in May than he was able to measure
and

and pay up for, but his expenditure in the
previous Official Year was under Rs. 1000
a month on the average, so that I am
at a loss to see the necessity there was
for his obtaining so much money
from the Sup^r Engineer and purpose
therefore in this instance also to await
the orders of Government before giving
the Clearance

I have the honour

Sir

Your most Obedt. Servant
