*Proceedings of the Madras Government, Public Works Department,
20th August 1866.*

No. 401. Read the following letter from the Superintending Engineer, 3rd Division, to the Secretary to Government, Public Works Department, dated Bellary, 2nd August 1866, No. 1,192 :—

1. I have the honor to request the permission of Government to my leaving for adjustment before the end of the official year a sum of Rupees 1,398, on account of "Repairs to Military Buildings" in Bellary, the allotment entered in the Budget being exceeded by that amount.

2. As it is probable that estimates for many more repairs of Military Buildings will be submitted, I would request that a further allotment may, if possible, be granted, or else that I may be permitted to pass all such estimates, leaving the adjustment to be arranged hereafter.

3. I beg to inform you that, up to the end of July the amount appropriated for Repairs Agricultural works in Bellary is Rupees 46,723, leaving only Rupees 17,972 for the remaining eight months, so that I do not think any transfers can be recommended from that head; in Cuddapah and Kurnool the whole allotments under the head of "Repairs Agricultural" have been appropriated, as also the greater portion of the sums allotted for Military and Civil Buildings.

No. 402. ORDER THEREON, 20th August 1866, No. 2,607.

ACCOUNT, No. 35.

1. The Government are unable to supplement the current year's Repair allotment for the 3rd Division under "Military," but they will not object to the arrangement proposed by the Superintending Engineer to meet the deficiency of funds under that head on the distinct understanding that the total assignment for repairs is not exceeded.

2. The sanction of Government should be obtained in due course to such transfers as it may hereafter be practicable to make in adjustment of the expenditure incurred in excess of the authorized Budget allotment for Repairs under "Military."
