No. 436. Read the following Circular from the Secretary to the Government of India, Public Works Department, (Military Works), to the Secretary to Government of Madras in the Public Works Department, dated Simla, the 31st July 1866, No. 62:—

1. I am directed to draw the particular attention of the Government of Madras to Circular No. 84, dated 29th August 1865, in which orders were conveyed regarding the preparation of the rough Estimate of probable requirements on account of Military Works for the current financial year, and to request that a rough Estimate for the year 1867-68 may be prepared according to the same rules, and submitted in time to reach this Office at Simla by 1st September next.

2. As there will be more time, than was the case last year, for the preparation of this Estimate, its details may be amplified, in regard to projects of importance, in such degree as the Government of Madras may consider desirable, so that the Government of India may be as fully informed as possible upon all points relating to such special projects.
