Proceedings of the Madras Government, Judicial Department,
14th August 1866.

No. 142. Read the following letter from the Officiating Superintending Engineer, 4th Division, to the Secretary to Government, Public Works Department, Fort Saint George; dated Madras, 7th August 1866, No. 1452.

Enclosures.
4 Sketches.

In continuation of my letter, No. 677, dated 20th June 1866, I have the honor to enclose Sketches of four sites with contours.

2. The fourth site mentioned for the first time in the above quoted letter is well worthy of consideration. I now consider it most undoubtedly the second best site. We have space sufficient on it for the Jail.

3. I have been in consultation with the Secretary to the Sanitary Commission, and he states that the President considers the Race Course the best, and the fourth site the next best.

4. He remarks that the European residents object to the erection of the Jail on the Race Course, and suggests the desirability of furnishing them with a "drive" in some other locality as compensation. His opinions coincide generally with those expressed in my letter, No. 677, dated 20th June 1866. He has this day addressed Government on this subject in reference to the late G. O., in the Public Works Department.

Referred to the Judicial Department, in continuation of the undermentioned orders:—

G. O., No. 1863, dated 13th June 1866.
