*Proceedings of the Madras Government, Public Works Department,
27th August 1866.*

No. 570. Read the following Endorsement of the Acting Consulting Engineer for Railways, dated Madras, 16th August 1866, No. 343 :—
Read the following letter from the Acting Agent and Manager of the Madras Railway Company, to the Acting Consulting Engineer for Railways, dated Madras, 11th August 1866, No. 424.

1. I have the honor to report, for the information of Government, that upon the recommendation of the Acting Chief Engineer, I have granted Mr. H. C. West, third class Engineer, two months' leave of absence, commencing from the 15th instant.

2. Mr. G. K. Outram, who arrived by the last steamer, will perform Mr. West's duties during his absence.

From the Acting Agent and Manager of the Madras Railway Company, to the Acting Consulting Engineer for Railways, dated Madras, 15th August 1866, No. 428.

I have the honor, with reference to your letter No. 387, dated 13th instant, to offer the following explanation relative to Mr. West's leave. A few days after I had applied for Mr. Sanderson's services, the Chief Engineer informed me that Mr. West had withdrawn his resignation. I enquired, if under these circumstances, Mr. Sanderson's services could still be made available, and the Chief Engineer replied that that would depend on the arrangements he could make on the works, and he was obliged to write to Mr. Going for certain information before he could decide. Pending the receipt of this information, I deferred writing to inform you of the withdrawal of Mr. West's resignation, as I desired at the same time to state whether Mr. Sanderson's services, would be required. I now learn that they will, and I therefore purpose writing to offer Mr. Sanderson the appointment.

1. The Acting Agent and Manager in his letter dated the 31st July, No. 402, reported that Mr. H. C. West, an Assistant Engineer, had tendered his resignation, and that it was necessary, in order to supply his place on the North-West Line, that Mr. Sanderson, formerly Chief Engineer of the Bombay and Baroda Line, should be appointed as a second class Engineer. The Agent's letter was submitted to Government, with endorsement dated the 4th instant, No. 323, and sanction was accorded in G. O., dated the 10th idem, No. 2,531, to the appointment of Mr. Sanderson.

2. It will be seen from the letters here with submitted that Mr. West has withdrawn his resignation, that he has been granted two months' leave, and that Mr. Sanderson's services are still required by the Railway authorities. Under these circumstances I recommend that Mr. Sanderson's appointment may be allowed to hold good, in spite of Mr. West's withdrawal of his resignation.
