No. 582. Read the following letter from the Acting Superintending Engineer,
1st Division, to the Secretary to Government, Public Works Department,
dated Camp, Dowlaishweram, 6th August 1866, No. 80:—

1. Referring to correspondence marginally noted, I have the honor to report
that from the Returns which have been
G. O. No. 1,205, dated 4th May 1865. furnished of traffic on the Komarkole
Do. „ 2,006, „ 14th July „ and Kalingia roads, it would appear
that the late Captain Philipps had over-rated the importance of the line.

2. I enclose copies of these, but I would at the same time point out that their
accuracy cannot be relied on. The Gumashta who prepared the return must have
been in a very wild and feverish part of the country, and it appears to me highly
probable that he avoided the very disagreeable duty it entailed as much as he could.

3. Captain Philipps appears to have reported from personal knowledge of the
traffic, but he may have visited the place at some exceptional period of the year.
