*Proceedings of the Madras Government, Public Works Department,
28th August 1866.*

No. 613. Read the following letter from the Controller of Public Works Accounts, to the Secretary to Government, Public Works Department, dated Madras, 16th August 1866, No. 1,357:—

1 Letter from the Acting Superintending Engineer, 1st Division, dated 8th August 1866, No. 61. With reference to paragraph 2 of the accompanying letter from the Acting Superintending Engineer, 1st Division, No. 61, dated the 8th instant, I have

the honor to submit, for the orders of Government, the question at issue between us. Colonel Moberly considers, whilst he is officiating in his present appointment, he can draw the staff salary of his substantive appointment (Rupees 400) + the Military allowances of his rank (Rupees 576-9-0) + (Rupees 220), the ordinary deputation allowance for the grade in which he is acting, making a total of Rupees 1,196-9-0, which, it will be observed, is less than the maximum salary attached to the office in which he is acting. I have read the orders of the Government of India otherwise, and consider him entitled to draw only the maximum salary of his substantive appointment as third Class Executive (Rupees 750) + (Rupees 220), the ordinary deputation allowance, or a total of Rupees 970; as Colonel Moberly has taken exception to my interpretation, I beg to lay the matter before Government, as I am not at all inclined to change my own opinion on it.

From the Acting Superintending Engineer, 1st Division, to the Controller of Public Works Accounts, dated Dowlaishwaram, 8th August 1866, No. 61.

1. I have the honor to submit, for the consideration of Government, the question as to the amount of Civil salary to which I am entitled while acting as Superintending Engineer. Rule 7, Standing Order No. 11, gives me my substantive emoluments, and deputation allowance, limited to a certain maximum. From what you informed me, personally, I gather that you propose to limit also the substantive emolument of my rank as third Class Executive Engineer on account of my Military allowances.

2. If you still hold this opinion, I shall be obliged by your laying the matter before the Government, as I would submit that I am only liable to the maximum laid down in the conclusion of paragraph 7, the "amount which I should draw if confirmed."

3. Paragraph 8, Ex. 4, of the Accountant General's Circular, published in G. O. No. 1,203, 3rd May 1865, I think supports my claim.

No. 614. ORDER THEREON, 28th August 1866, No. 2,716.

ESTABLISHMENT, No. 68. The Government concur with the Controller of Public Works Accounts that Lieutenant-Colonel Moberly is, under the late Rules prescribing a maximum to be drawn in each grade, entitled to only the maximum salary of his substantive position, in addition to the regulated deputation allowance of his acting appointment; but they consider this question is one which should be referred for the opinion of the Accountant General of the Public Works Department at Calcutta.
