*Proceedings of the Madras Government, Public Works Department,
29th August 1866.*

No. 629. Read the following letter from the Officiating Superintending Engineer, 4th Division, to the Secretary to Government, Public Works Department, dated Madras, 20th August 1866, No. 1,691:—

1. Adverting to the Proceedings of Government, No. 3,567, dated 14th December 1864, I have the honor to report for information that, spite of all the exertions of the Superintending Engineer Colonel Boileau, the contributions of the residents at Ennore, for the past official year, towards the maintenance of the road between Trivattoor and Ennore, have not reached the full amount, (viz., Rupees 255,) stipulated in paragraph 10 of Colonel Boileau's letter, embodied in the G. O. above quoted; Rupees 102 is the amount of deficit.

2. I have written to the Collector of Madras District for a list of all the residents who may justly be called upon to contribute their quota for the maintenance of the above road; their number having, as I am informed, largely increased since the date of the Order under reference. On the receipt of this list, I purpose addressing them, pointing out the terms on which the additional grant has been conceded by Government, and warning them that unless they pay their contributions more punctually, they cannot expect the road to be maintained in efficient order.

3. The result of the reference will be duly communicated to Government, with any suggestions which may appear necessary to obviate the evil under report.

No. 630. ORDER THEREON, 29th August 1866, No. 2,724.

CIVIL WORKS, No. 91.

The Government will await the receipt of the further report promised in paragraph 3.
