*Proceedings of the Madras Government, Public Works Department,  
31st August 1866.*

---

No. 688. Read the following letter from the Superintending Engineer, 3rd Division, to the Secretary to Government, Public Works Department, dated Bellary, 20th August 1866, No. 1,469 :—

1. I have the honor to inform you that I have received a report that several tanks in the Cumbum Range, Kurnool District, have been breached. As the allotment in the Budget for "Repairs Agricultural" in the Kurnool District has been already appropriated, I beg to know if Government can grant a further allotment, or if works now in progress must be stopped in order that the breached tanks may be repaired. No transfer can be made from any of the other heads.

2. The same remark applies to the Cuddapah District ; and as regards the Bellary District, I would beg to call attention to my letter No. 1,192, of the 2nd instant.

No. 699. ORDER THEREON, 31st August 1866, No. 2,754.

ACCOUNT, No. 65.

As the Government are unable to supplement the Budget allotment for Repairs, it will rest with the Superintending Engineer, either by the stoppage of works in progress which are not urgent or by the cancelment of appropriations which may hereafter be made from savings, to propose the most judicious re-distribution of his funds with the view of meeting the increased demand under "Agricultural" in Cuddapah and Kurnool.
