Dated 1-9.

1866.

Not to be folded or roughly handled

*Proceedings of the Madras Government, Public Works Department,
1st September 1866.*

No. 38. Read the following letter from the Superintending Engineer, 7th Division, to the Secretary to Government, Department Public Works, dated Camp, Coonoor, 20th August 1866, No. 117 :—

1. With reference to G. O., No. 3,267, of 30th October 1865, I have the honor to forward plans and estimates of three bridges which it is proposed to commence this year on the Coloor Road Circuit, from the maintenance allowance of which (Rupees 6,138) it is desired to transfer

Rupees 3,000 on account of such work as must be paid for in the current year, the bridges being completed, and the rest of the funds provided before the monsoon of 1867. Presuming that it is the wish of Government that such work should be carried on as quickly as available funds will permit, I have authorized the Range Officer to commence the collection of materials. I hope to visit the works while in progress, within this official year.

2. I am able to recommend such extensive transfer of maintenance allowance owing to the absence of wheeled traffic on this Circuit, otherwise admirably prepared to admit of it during the dry weather, in consequence of the road above Coloor ghaut not being completed within Mysore limits. So many years have elapsed without anything being done, though I have often urged action, and been led to expect some, that I think it highly desirable that the Mysore Government be addressed on the subject of completing the communication for carts to the high road at Anantapoor or Coomsee, a matter of comparatively few miles.

No. 39. ORDER THEREON, 1st September 1866, No. 2,789.

CIVIL WORKS, No. 11.

1. The Government sanction the estimates submitted with this letter, amounting in the aggregate to Rs. 7,900, for the construction of three bridges on the Coloor Road Circuit in the District of South Canara.

2. The outlay of Rupees 3,000 proposed to be incurred on the works during the current official year will be charged* to the maintenance grant of Rupees 6,138 referred to by the Superintending Engineer.

* Subject to the sanction of the Government of India.

3. The Commissioner of Mysore will be addressed on the subject of paragraph 2.

Ordered that the following letter be sent :—

(Here enter No. 2,790, dated 1st September 1866.)

(True Extract.)

To,

Colonel C. A. Orr R. E.
Secretary to Government. D. P. W.

Sir,

With reference to G. O. No. 3267 of 30th
October 1865 I have the honor to forward

encls: 6. -
3 Plans & Estimates.
No: 14 Rs 3400.
No: 15 " 2000.
No: 16 " 1700.

Plans and Estimates of 3 Bridges which it is
proposed to commence this year on the Coonoor
Road Circuit; from the Maintenance
Allowance of which (Rs. 6,138) it is desired
to transfer Rs. 3,000 on account of such
work as must be paid for in the current year,
the bridges being completed and the rest of the
funds provided before the monsoon of 1867.
Presuming that it is the wish of Government
that such work should be carried on as
quickly as available funds will permit
I have authorized the Range officer to
commence the collection of materials. I
hope to visit the works while in progress, &
within this official year.

2. I am able to recommend such ex-
tensive transfer of Maintenance Allowance
owing to the absence of wheeled traffic
on this circuit, otherwise admirably pre-
pared to admit of it during the dry weather,

in consequence of the road above Coloor Ghant
 not being completed within Mysore limits.
 So many years have elapsed without any
 thing being done, though I have often urged
 action and been led to expect some, that
 I think it highly desirable that the Mysore
 Government be addressed on the subject of
 completing the communication for Cants
 to the high road at Anantapoor or Coonee, a
 matter of comparatively few miles.

I have the honor to be,
 Sir
