Government of Madras, No. 1,769, dated 5th June 1866, submitting revised Rules for the Madras Railway.

1. RESOLUTION.—The Governor General in Council is of opinion that it is undesirable to make any change in the General Rules and Regulations under Clause 29 of Act XVIII. of 1854, until the Law relating to Railways in India has been amended. This may be expected to be effected by the close of the year, and thereupon the Governments having Railways within their jurisdiction, should, after communication with the Agents of the Companies, submit for consideration such revisions and additions to the present rules and regulations as may have suggested themselves, it being remembered that those rules should be confined to *general* matters common to all Railways, and that such further and special rules as may be found necessary or expedient by any particular Railway Company, should be subsidiary to the General Regulations. It is proposed that such special rules shall be sanctioned by Local Governments, subject to their being not at variance with the General Rules and Regulations which, as heretofore, will be sanctioned by the Governor General in Council. The Legislative Department will be requested to provide in the Bill introduced into the Council accordingly.

2. Any subsidiary rules that may in the meantime be found necessary, should be submitted for the consideration and orders of the Governor General in Council.
