1. I have the honor to forward a plan and estimate for a Moonsiff's Court at Mayaveram, prepared at the request of the Civil Judge at Tranquebar.

2. The plan accords with the Standard Plan, but the interior arrangements of the building have been altered according to the wishes of the Moonsiff.

3. The Moonsiff at present holds his Court in a Native building which the Civil Judge states is quite unsuited for a Court.

No. 143. Memorandum from the Chief Secretary to Government, Judicial Department :—

(Here enter No. 274, dated 24th August 1866.)

From the Civil and Session Judge, Tranquebar, to the Chief Secretary to Government, Fort Saint George, dated Tranquebar, 6th August 1866, No. 358.

With reference to the Official Memorandum, dated 9th May last, No. 143, from the Under Secretary to Government, I have the honor to state that the building now occupied by the District Moonsiff of Mayaveram as his Court-house, is situated in a Muntapum at the northern extremity of the town on the bank of the Cauvery, and its dimensions are as given in the margin. The building is too small, and constructed in a fashion totally unsuited

for a Court-house, being a very low granite terraced Muntapum without any ventilation whatever; and during Hindoo festival days, the business of the Court is much obstructed by the crowds that assemble near the building. Moreover, a demand for rent has been made by the owners, the proprietors of the Thiruvadoothary Madam, for the future use of the building. Under these circumstances, I beg to request that the Government will be pleased to sanction the erection of the new Court-house recommended.

No. 144. ORDER THEREON, 6th September 1866, No. 2,842.

CIVIL WORKS, No. 27.

The plan submitted with this letter for a Moonsiff's Court-house at Mayaveram exhibits, as regards the internal distribution of space, certain departures from the Standard Plan which are stated

to have been made to meet the "wishes of the Moonsiff." These changes do not appear to be improvements on the Standard Plan and should not, in the opinion of Government, be allowed. The Superintending Engineer of the 6th Division will therefore submit a revised plan and estimate for the building prepared in accordance with the Standard Plan.
