Proceedings of the Madras Government, Public Works Department
6th September 1866.

No. 159. Read the following letter from the Secretary to the Government of India, Public Works Department, (Railway), to the Secretary to the Government of Madras, Public Works Department, (Railway), dated Simla, 21st August 1866, No. 847 R:—

1. I am directed to request that, with the permission of His Excellency the Governor in Council, a copy of the half-yearly Revenue Accounts of the Railways under the Government of Madras may be submitted for the information of the Government of India, as soon as made up and printed. It is the custom in Bengal to submit (for information and for transmission to the Secretary of State) these accounts within two months of the expiration of the period to which they refer, accompanied by a brief preliminary note by the Consulting Engineer touching on the more important and prominent features of the account, and the Governor General in Council will be glad to receive such a note, if thought desirable by the Governor in Council, together with the copies of the Revenue Accounts of the Madras Railways, now asked for.

2. The detailed Review and Analysis of the Revenue Accounts would continue to be forwarded as at present, but their preparation is necessarily a work of time, and, under the most favorable circumstances, a period of six or seven months elapses before the Government of India is, by their receipt, placed in possession of information regarding the Railways in Madras, which is always of interest, and is frequently required for reference.

No. 160. ORDER THEREON, 6th September 1866, No. 2,850.

RAILWAY, No. 14.

The Consulting Engineer for Railways is requested to submit to Government, as soon as possible after their receipt in his office, copies of the returns referred to in this letter, commencing with those for the first half of 1866. The Statements, in each case, should be accompanied with a "Note" by the Consulting Engineer on the more important and prominent features of the Accounts.
