*Proceedings of the Madras Government, Public Works Department,
8th September 1866.*

No. 189. Read the following letter from the Superintending Engineer, 2nd Division, to the Secretary to Government, Department Public Works, dated Masulipatam, 30th August 1866, No. 38:—

With reference to G. O., No. 328, dated 26th January last, calling on me to give my attention to the latrines attached to the wards of the Masulipatam Jail, I have the honor to state that these latrines are never used except at night, and are made perfectly clean every morning, and coated with tar twice weekly. As they have doors, which on being shut exclude all odour, it appears to me that the system is superior to that in ordinary use of having a chatty in a corner of the ward. Dry earth conservancy is adopted, and I am of opinion therefore that the present plan is as fair a sanitary arrangement as can under the circumstances be secured.

Sir
With reference to G. O.
No 328 Dated 26th January last, calling
on me to give my attention to the latrines
attached to the wards of the Maulipatam
Jail, I have the honor to state that
these latrines are never used except
at night, and are made perfectly
clean every morning and coated with
tar twice weekly. As they have doors,
which on being shut, exclude all odour,
it appears to me that the system
is superior to that in ordinary use
of having a chatty in a corner of the
ward. Dry earth conservancy is adopted
and I am of opinion, therefore
that the present plan is as fair
a sanitary arrangement as can be desired
the circumstances being considered.
