Revenue DEPARTMENT.

G.O. No. 2554 Press / Mis.

340-41

Dated 18-11-

Not to be folded or roughly handled

Proceedings of the Madras Government, Public Works Department, 13th September 1866.

No. 340. Read the following letter from the Superintending Engineer, 6th Division, to the Secretary to Government, Department Public Works, dated Tanjore, 4th September 1866, No. 641 :—

1. I have the honor to inform you, that though provision was made in the Budget List for 1866-67, submitted from this office, for a conservancy establishment for the Ponairy channel, similar to that sanctioned in G. O., No. 2,334, dated 11th August 1865, no intimation was received by me that the establishment had not been provided for, and I only ascertained, during last month, on a reference to the Range Officer owing to a very apparent inaccuracy in the Water Returns, that no provision had been made in this year's Budget for the establishment. This was intimated to the Range Officer in May last by the Deputy Controller, but was not communicated to me.

No. 246, 25th May 1866.

2. On learning that no establishment had been entertained, as the river is in flood, and it is absolutely necessary that the supply to the Ponairy should be carefully regulated, I sanctioned the entertainment of an establishment similar to that sanctioned last year, and request that Rupees 408 may be sanctioned for the establishment from August to March inclusive.

3. This establishment ought not to be dispensed with at the close of the year, but might, during the dry months, be usefully employed in tending the Nursery at Vuppoor, and watering, &c., the trees lately planted along the Ponairy channel and the Coleroon north bank in Range No. 3.

4. The Collector has requested that Rupees 500 may be placed at his disposal for the construction of the temporary dams, or Coroomboos; this may be provided under the head of 'Repairs Agricultural' as was done last year.

No. 160, 13th August.

No. 341. ORDER THEREON, 13th September 1866, No. 2,934.

ESTABLISHMENT, No. 25.

1. The Government authorize the employment of a conservancy establishment for the Ponairy channel from August to March of the current official year, the charge, viz., Rupees 408, being met from the general grant for establishments.

2. As it is proposed that the establishment should be permanently maintained, Captain Oakes will submit the usual Tabular Statement with a view to the sanction of the Government of India being obtained in due course.

P.W.D.

Sir,

I have the honor to inform you that though provision was made in the Budget List for 1866/67 submitted from this office for a Conservancy Establishment for the Ferry Channel, similar to that sanctioned in G.O. No 2334, dated 11th August 1865, no intimation was received by me that the Establishment had not been provided for, and I only ascertained during last month on a reference to the Range Offices, some to a very apparent inaccuracy in the Water Returns, that no provision

provision had been made in this year's Budget for the Establishment.

This was intimated to the Range officer in May last by the Deputy Controller, but was not communicated to me.

No 246, 25th May 66.

2. On learning that no Establishment had been entertained, as the River is in flood and it is absolutely necessary that the supply to the Pounds should be carefully regulated, I sanctioned the entertainment of an Establishment similar to that sanctioned last year & request that Rs 408 may be sanctioned for the Establishment from August to March inclusive.

No 160, 18th August.

3. This Establishment ought not to be dispensed with at the close of the year, but might during the dry months be usefully employed in tending the Nursery at Nuppoor & Watering &c the trees lately planted along the Pounary Channel & the Coleroon North bank in Range No 3.

4. The Collector has requested that Rs 500 may be placed at his disposal for the construction of the temporary Dams, or Coroomboor; this may be provided under the head of "Repairs Agricultural" as was done last year.

I have the honor to be
