MADRAS RECORD OFFICE.

Government of Madras.

Public Works DEPARTMENT.

G.O. No. 143

Press
Misc.

359-70

Dated 14 9 18 66.

Not to be folded or roughly handled

No. 359. Read the following Proceedings of the Board of Revenue, dated 17th August 1866, No. 5,813.

Read the following letters :—

From the Collector of the Godavery District, to the Acting Secretary to the Board of Revenue, dated Cocanada, 28th July 1866, No. 176.

1. As directed by the Board in their Proceedings, dated 11th ultimo, No. 3,972, I have the honor to submit a Nominal List of the more important irrigation works which are urgently in need of repair in the Godavery District, with a Statement explaining what repairs are required in the annexed form.

2. The average tax actually paid from 1840 to 1850 is not entered opposite the works in Ramachendrapur and Yernagudem Tálucs, because the Tahsildars of these Tálucs have not yet sent the information : as soon as the accounts are received, it will be sent.

3. A few additional columns are opened in the Statement to show the cultivation of Inam land, as well as water-tax, both for Zirayati and Inams under each work.

Proceedings of the Madras Government, Public

Irrigation Register and Progress Reports in this office. As for others they are not known from the Huzur ment, but to avoid delay this Statement is submitted without them.

*Proceedings of the Madras Government, Public Works Department,
14th September 1866.*

From the Collector of Tinnevely, to the Secretary to the Board of Revenue, dated 8th August 1866, No. 312.

I have the honor to forward, herewith, a list of irrigation works emergently needing repair; these are only some of the works named by the Division and Range Officers, as I have struck out all but the most remunerative works. The Board will observe that the annual assessment of the uncultivated portion of the Ayacut is considerably in excess of the estimated cost of repairs, and that the execution of these works is, therefore, likely to pay upwards of 100 per cent.

No 312.

TINNEVELLY,
8th August 1866.

(Signed) R. K. PUCKLE,
Collector.

Proceedings of the Madras Government, Public Works Department,
14th September 1866.

From the Collector of Malabar, to the Acting Secretary to the Board of Revenue, dated Calicut, 26th July 1866, No. 229.

In reply to your letter of the 11th ultimo, No. 3,972, I have the honor to state that there are only two irrigation works in the District, the Veatel and Yenamakal dams in Ponani; of which the former is reported to be in good order, and the latter as requiring renewing in portions, at a cost of Rupees 600. The following Statement gives the information required regarding it:—

Taluq.	Name of irrigation work.	Total registered Nunjah Ayacut.	Tax payable on the whole Nunjah Ayacut.	Average tax actually paid from 1840 to 1850.	Average tax actually paid from 1850 to 1860.	Present cultivation.	Present revenue.	Rough estimate of repairs needed.	Date of last repair.
Ponani.	Yenamakal dam.	824	2,346	1,215	1,491	824	2,346	Body of dam requires renewing in portions; cost Rupees 600.	1865

Ordered that the foregoing letters be submitted to Government, with reference to Government Order, dated 17th May 1866, No. 1,587, Public Works Department.

Transferred to the Public Works Department.

(Signed) J. D. SIM,
Secretary to Government.

30th August 1866.

No. 360.

ORDER THEREON, 14th September 1866, No. 2,943.

CIVIL WORKS, No. 69.

As, owing to the recent change in the financial year, the Budget assignments for repairs in the Godavery and all other Districts have been considerably reduced since the issue of the Order of the 17th May 1866, No. 1,587, and, as there is no possibility of any large savings being effected on the smaller grants which are now at the disposal of the local Public Works Officers, the Government regret their inability to provide, by a special allotment, for the immediate execution of the whole of the repairs to works of irrigation which are included in the Statements submitted by the Collectors of the Godavery, Malabar and Tinnevely Districts. These Statements will, however, be at once transmitted to the Superintending Engineers of the 1st, 7th and 8th Divisions, with a request that they will endeavour to carry out as many of the repairs as they may find it possible to undertake with the money now available under the head "Agricultural." All other repairs included in the Statements should be provided for in the next District Budgets for incorporation in the General Estimates.

(True Extract.)

(Signed) CHARLES A. ORR, Colonel, R. E.,
Secretary to Government.

To the Superintending Engineers, 1st, 7th, and 8th Divisions.

PROCEEDINGS OF THE BOARD OF REVENUE, dated 17th August 1866.

Read the following letters:—

From J. FRASER, Esq., Collector of the Godavery District, to the Acting Secretary to the Board of Revenue, dated Cocanada, 28th July 1866, No. 176.

1. As directed by the Board in their Proceedings, dated 11th ultimo, No. 3,972, I have the honor to submit a Nominal List of the more important irrigation works which are urgently in need of repair in the Godavery District, with a statement explaining what repairs are required in the annexed form.

2. The average tax actually paid from 1840 to 1850 is not entered opposite the works in Ramachendrapur and Yernagudem Taluks, because the Tahsildars of these Taluks have not yet sent the information: as soon as the accounts are received, it will be sent.

3. A few additional columns are opened in the statement to show the cultivation of Inam land, as well as water-tax, both for Zirayati and Inams under each work.

ENCLOSURE No. 1.—Nominal List.

From R. K. PUCKLE, Esq., Collector of Tinnevely, to the Secretary to the Board of Revenue, dated 8th August 1866, No. 312.

I have the honor to forward, herewith, a list of irrigation works emergently needing repair; these are only some of the works named by the Division and Range Officers, as I have struck out all but the most remunerative works. The Board will observe that the annual assessment of the uncultivated portion of the Ayacut is considerably in excess of the estimated cost of repairs, and that the execution of these works is, therefore, likely to pay upwards of 100 per cent.

ENCLOSURE No. 1.—List.

From G. A. BALLARD, Esq., Collector of Malabar, to the Acting Secretary to the Board of Revenue, dated Calicut, 26th July 1866, No. 229.

In reply to your letter of the 11th ultimo, No. 3,972, I have the honor to state that there are only two irrigation works in this District, the Veatel and Yenamakal dams in Ponani; of which the former is reported to be in good order, and the latter as requiring renewing in portions, at a cost of Rupees 600. The following statement gives the information required regarding it:—

Taluk.	Name of irrigation work.	Total registered Nunjah Ayacut.	Tax payable on the whole Nunjah Ayacut.	Average tax actually paid from 1840 to 1850.	Average tax actually paid from 1850 to 1860.	Present cultivation.	Present revenue.	Rough Estimate of repairs needed.	Date of last repair.
Ponani.	Yenamakal dam.	824	2,346	1,215	1,491	824	2,346	Body of dam requires renewing in portions; cost Rupees 600.	1865

Ordered that the foregoing letters be submitted to Government, with reference to Government Order dated 17th May 1866, No. 1,537, Public Works Department.

(True Copies and Extract.)

Secretary.

To the Secretary to Government, Revenue Department,
with two Lists.

Copy to the Collector of the Godavery District.
" to the Collector of Tinnevely.
" to the Collector of Malabar.

Exd. J. Wright.

Read the following

Proceedings of the Board of Revenue (Here enter No. 5813 dated 17th August 1866).

It, owing to the recent change in the financial year, the Budget assignments for repairs in the Godavery and all other Districts have been considerably reduced since the issue of the Order of the 17th May 1866, N^o 1584, and, as, there is no possibility of any large savings being effected on the smaller grants which are now at the disposal of the local Public Works Officers, the Govt. regret their inability

No. 5,813,

Submitting letters from Collectors of Godavary, Tinnevely and Malabar districts forwarding lists of important irrigation works urgently in need of repair.

en 2943-147, 2017/66

to provide by a special
allotment for the im-
mediate execution of
the whole of the repairs
to works of irrigation
which are included
in the statements
submitted by the
Collectors of the Go-
~~Malabar and Tinnevely~~
davery Districts.—

These statements will,
however, be at once
transmitted to the
Subg. Engineers of the
1st, 7th and 8th Divisions, with
a request, that they will
endeavor to carry out
as many of the repairs
as they may find it
possible to under-
take with the money
now available under
the

the head "Agricultural".
All other repairs inclu-
ded in the statements
should be provided for
in the next District
Budgets for incorpora-
tion in the general
estimates.
