Proceedings of the Madras Government, Public Works Department,
15th September 1866.

Read the following letters :—

No. 401. From the Controller of Public Works Accounts, to the Secretary to Government, Public Works Department, dated Madras, 21st August 1866, No. 1,392.

1. I have the honor to forward, for the sanction of Government, the accompanying estimate (amounting to Rupees 228-7-7) from the Superintendent of Public Works Stores and Workshop for certain office furniture required for the use of this office, which may be met from the funds allotted for tools and plants.

Enclosure 1.

2. The Deputy Controller has no table for himself, and some of the additional Accountants, lately entertained, have no tables or desks. The want of chairs is much felt for the use of the new hands, who are obliged to shift the best way for the present. The eight small benches are required for the use of the Auditors for keeping their books, &c., next to their tables, and the two long benches for the use of the East Indian Clerks at the Tiffen room, where there are no seats at all, and I need not say great inconvenience is felt by them for the want of seats when they go for their tiffen, and which can be remedied by this small outlay.

No. 402. From the Barrack Master, Presidency, to the Secretary to Government, Public Works Department, dated Fort Saint George, 5th September 1866, No. 935.

In submitting the accompanying letter and an estimate from the Controller of Public Works Accounts, I have the honor to forward a revised estimate, amounting to Rupees 99-12-0, for the supply of furniture, excluding those issued from the stores of this Department, but as it is a new supply, it is necessary that the sanction of Government should be accorded before they are supplied by this Department.
