Proceedings of the Madras Government, Public Works Department,
17th September 1866.

No. 426. Read the following letter from the Controller of Public Works Accounts, to the Secretary to Government, Department Public Works, dated Madras, 12th September 1866, No. 1,749:—

3 Enclosures.

1. With reference to paragraph 2 of my letter No. 1,420, dated the 24th ultimo, I have the honor to forward herewith a copy of the detailed Statement of Local Fund outlay compared with grants of the year 1865-66, showing the particulars for each fund separately. I have also to forward two abstract Statements, showing the total of the modified grant or allotment of *each District* on account of every description of Local Fund, and the total outlay on Public Works therefrom. These Statements will furnish all the information required by Government in paragraph 3 of G. O., 23rd May 1866, No. 1,639.

2. The Statements now forwarded could not have been earlier sent, as they had to be compiled from the Range accounts after they were audited and booked, and all erroneous entries in them had to be first corrected by reversal entries in the Provincial books. Great difficulty was felt in tracing out the exact description of Local Fund, to which the outlay on several works, not properly described in the Range accounts, had to be charged. In most of these cases, local works were undertaken by Range Officers on the authority of Superintending Engineers and Collectors, without a regular transfer of funds, as should have taken place under G. O., 25th October 1865, No. 3,199.

No. 427. ORDER THEREON, 17th September 1866, No. 2,974.

LOCAL FUNDS, No. 33.
Account.

Ordered to be recorded.

P.W. 3798/66

Statement of Grant and Expenditure on Local Funds in 1865/66.

Enclosure 3.

Office of the Controller of P.W. Accounts.
Madras, 12th September 1866.

No. 1749.

From.

The Controller of P.W. Accounts.

To. The Secretary to Government P.W. Fort St. George.

Sir,

With reference to para: 2 of my letter No. 1420 dated the 24th ultimo, I have the honor to forward herewith a copy of the detailed Statement of local fund outlay compared with grants of the year 1865/66, shewing the particulars for each fund separately. I have also to forward two Abstract Statements, shewing the total of the modified grant or allotment of each District on account of every Description of Local Fund and the total outlay on Public Works therefrom. These Statements will furnish all the information required by Government in para: 3 of G.O. 23d May 1866 No. 1639.

2. The Statements now forwarded, could not have been earlier sent as they had to be compiled from the Range Accounts after they were audited and Book Red, and all erroneous entries in them had to be first corrected by reversal Entries in the Provincial Books. Great difficulty was felt in tracing out the exact description of Local Fund to which the outlay on several

several works not properly described in the Range Accounts had to be changed. In most of these cases local works were undertaken by Range Officers on the authority of Superintending Engineers and Collectors without as regular transfer of funds as should have taken place under G.O. 25th October 1865 No. 3199.-

I have the honor to be
Sir
Your most obedt. Servant

Captain R.E.
Controller of P.W. Accounts.
