*Proceedings of the Madras Government, Public Works Department,
18th September 1866.*

Read the following papers :—

No. 448. From the Under Secretary to the Government of India, Public Works Department, (Railway,) to the Secretary to the Government of Madras, Public Works Department, (Railway,) dated Simla, 24th August 1866, No. 874 R.

I am directed to draw your attention to the Statement submitted with your letter No. 452, of 5th February last, and to enquire whether the rate for earth-work at Cuddapah entered therein, viz.,
Four Rupees and ten Annas per 1,000 cubic feet. Rupees 4-10-0 per 1,000 cubic feet is correct.

Referred to the Consulting Engineer for Railways for early report. The figures given by Captain Williams are those entered in the Statement which accompanied Colonel Anderson's letter No. 43, dated the 24th January 1866.

(Signed) CHARLES A. ORR, Colonel, R. E.,

FORT SAINT GEORGE,
11th September 1866.

Secretary to Government, D. P. W.

No. 449. From the Acting Consulting Engineer for Railways, to the Secretary to Government, Public Works Department, dated Madras, 12th September 1866, No. 378.

1. Adverting to docket, dated the 11th instant, upon a letter* from the Under Secretary to the Government of India of the 24th ultimo, No. 874 R., I have the honor to state that the average rate of

* Herewith returned.

Rupees 4-10-0 per 1,000 cubic feet of earth-work in embankment, not higher than six feet, and with ordinary lead, is correct.

2. The estimated rate for "embankments" and "cuttings" on the second section of District No. 6, North-West Line, is Annas 3 per cubic yard; and the average rate during the year 1864-65 at Cuddapah, which is situated on the above-mentioned District, was, as specified in the Statement furnished by Colonel Anderson, Rupees 4-10-0 per 1,000 cubic feet, or nearly 2 Annas per cubic yard.
