*Proceedings of the Madras Government, Public Works Department,
17th September 1866.*

No. 440. Read the following letter from the Superintending Engineer, 4th Division, to the Secretary to Government, Public Works Department, dated Madras, 11th September 1866, No. 2,058 :—

1 Map.
1 Memorandum.

1. When the Officiating Superintending Engineer in his letter No. 1,489, dated 9th August 1866, read in Proceedings of Government No. 2,575, dated 16th August 1866, recommended the temporary removal of the head quarters of the Polur Range, he evidently had not before him any such sketch of the Range, and of the works in progress therein, as I have now the honor to forward. By this the Government will observe, that Arnee is far more central than Polur, and that the transfer of the head quarters (which involves some expense) to the latter place is quite unnecessary if Mr. Bevan acts, as no doubt he will do, on the instructions which I have sent to him, copy of which I beg to enclose.

2. I have made these remarks in explanation of what might otherwise appear as if I were running counter to the Order of Government above quoted.

3. I purpose visiting the Polur Range soon.

No. 441. ORDER THEREON, 17th September 1866, No. 2,981.

ESTABLISHMENT, No. 35.

Ordered to be recorded.

(True Extract.)

Colonel, R. E.,
Secretary to Government.

To the Superintending Engineer, 4th Division, with Sketch.
,, Controller of Public Works Accounts.

To

The Ex: Agent Police Range
North Arcot District.

Letter No. 150 dated 22nd August/66.

The only object in view is that
the Range Officer should visit as much as
possible the various points of his Range where
his attention seems most required. It must
be left to the good sense of the Executive
Officer how long to stay at each place. It
does not seem necessary for him to remove
his Head Quarters.
