Proceedings of the Madras Government, Public Works Department, 18th September 1866.

No. 464. Read the following letter from the Acting Consulting Engineer for Railways, to the Secretary to Government, Public Works Department, dated Madras, 7th September 1866, No. 369 :—

1. I have the honor to submit, for the consideration and orders of Government, the papers noted in the margin, relative to certain trespasses which have taken place upon land duly transferred to the Madras Railway Company, for station purposes, at Tiroor and Tanoor, in the District of Malabar, and the difficulty which the Railway officials experience in consequence, in keeping cattle from straying upon the line of Railway.

From the Acting Agent and Manager, Madras Railway, No. 374, dated 14th July 1866, with 1 enclosure.
To do. No. 346, dated 16th July 1866.
From do. No. 387, dated 23rd July 1866.
To Collector of Malabar, No. 335, dated 24th July 1866.
From Acting Agent, No. 430, dated 15th August ,,
To Collector of Malabar, No. 354, dated 16th do. ,,
From Acting Agent, No. 466, dated 5th September ,,
To Collector of Malabar, No. 395, dated 6th do. ,,
From Acting Agent, No. 470, dated 6th do. ,,
with 1 enclosure.
To Collector of Malabar, No. 398, dated 7th do. ,,

2. It will be seen that I addressed the Collector of Malabar upon the subject on the 24th July and 16th August, and that up to the 4th* instant no action had been taken by that gentleman.

Nos. 335 and 354.

* *Vide* letter from Mr. Wilkinson, No. 782, which forms an enclosure to Agent's letter No. 470.

3. No communication has been made by this Department for the restoration of any portion of the lands at either the Tiroor or the the Tanoor Station, and the measures adopted by the local Revenue officials for leasing the lands are therefore irregular, and should be at once set aside.

4. The trespass complained of at the Beypoor Station appears to be of a general nature, arising probably from the inefficient state of the fencing. Upon this point I shall make inquiries on my next visit to Beypoor, which will probably be about the 17th instant.

5. Meanwhile, I strongly recommend that the Collector of Malabar be called upon to institute immediate inquiry into the trespasses complained of by the Railway officials at the Tiroor and Tanoor Stations, and that the lands wrongfully occupied be restored to the Railway Company at an early date.

6. It is also desirable that orders should be issued by the Collector to the Tahsildars within whose Táluqs the remaining† Railway stations are situated, to see that no portions of the land transferred to the Railway Company be let to any private individuals for the purpose of being cultivated or otherwise.

No. 374.

MADRAS RAILWAY COMPANY.

AGENT AND MANAGER'S OFFICE.

Madras, July 11th 1856.

From

W. G. Smart Esqre.,
Acting *Agent and Manager.* of the M.R.Co

To

Major J. H. A. Shaw-Stewart, R.E.
Acting *Consulting Engineer for Railways.*

SIR,

I have the honor to forward for your information, Copies of Correspondence on the Subject of Station Compounds on the West Coast, from which you will perceive that the Collector, Mr. Ballard, has adopted the very unusual Course of letting to Cultivators land made over by Government to this Company under Class A. I need not I am sure, point out how objectionable this proceeding is. We have always had great difficulty in procuring trespass, such as it has been upheld by the Authorities, as appears to be the Case, and shall certainly have the risk of very serious accidents, while the Station Yards being at all times open to the lessees, we shall be constantly liable to loss by theft of goods.

I trust that you will be kind enough to take immediate steps to Correct the error into which Mr Ballard has fallen.

As

3. As regards the Coconut trees alluded to by the Collector — I am clearly of opinion that no one should be allowed the right of entry to Station Compounds for any purpose but that of transacting business connected with the Railway.

I have the honor to be,
Sir,
Your most obedient Servant,

W. F. Sheriff

Acting Agent and Manager.

E1

Madras Railway Company
4, Dare Rd Engineers Office
Perambur 19 June 1866

The Acting Chief Engineer

My dear Sir,

We have been much troubled by the continual trespassing of cattle on the Native encroachments from whence they stray along the Line. On some occasions I have been obliged to detain Mr D Carlos co-operation to abate this dangerous nuisance.

Last Pudaveu some people attempted to cultivate Tamarind Topes and Paringady bringing whole Herds of cattle within our fences. This I put a stop to at once, but they would defy our authority altogether, and as they gave the name of The Tahsildar of Sunday as their authority, I wrote to him a No 1 enclosed.

His reply No 2 will surprise you. I think he has mixed up the question of old title deeds with the present one. I have however written to the Collector No 3 and asked fresh orders. No 4, and send you the correspondence that you may be ready prepared in case of reference.

When Major Stuart was here last, there were about a dozen head of cattle close to the Perambur Lock at Boat Avenue; and the Watchmen warned me at once being made to put them inside the compound. I have since discovered the reason

Tahsildar of Ponany Taluq

Sir,

Your letter No 571 dated 13th June 1866 has been duly received.

The Tahsildar has ordered the parties who have traced the Railway Station grounds that there is no objection to their cultivating the ground for their benefit, without rendering damage to it, and the Tahsildar does not see that it is improper.

These grounds have been rented for 5 years by orders from higher authority, i.e. from Collector and the Agreement is that they can be returned whenever the

/No 3/

the Railway Company requires the use of them, as the case stands in this state there will be no objection by their cultivating them.

Should you think again that the lessees cannot carry on their works as above said, the Tahsildar begs to be furnished with reasons.

To

G. A. Ballard Esquire
Collector of Malabar

Sir,

I have the honor to enclose copies of correspondence between myself and the Tahsildar of Ponany Taluq.

By it you will perceive that the Tahsildar defends this trespassing within the Station Compounds.

May I ask you to issue such orders as will make the case clear to the Officials who have to do with lands through which the line runs?

For the public safety I have in the meantime given strict orders to my Inspectors to turn off all people and cattle engaged in cultivation within the Company's fences and to prosecute any persons who may persist in trespassing after such warning.

Resident Engineer, 4th Division
Beypore

Sir,

In returning the enclosure to your letter of the 18th ultimo and that to your Demi Official note of the 3d July, I have to observe that the ground in question appears to be a piece, the occupation of which has been duly rented out by Government to the person that you complain of as trespassing and there has evidently been some misunderstanding regarding it.

The fact is the man is not trespassing in tending the cocoanut trees &c on the piece of ground in question, and attempts to prevent his entry are illegal.

Should the ground be required for the sole use of the Railway, I request you will be good enough to give me a Sketch of it, and make regular application, when I will take steps to have the current lease cancelled and the ground and trees appropriated to the Railway.

To

The Acting Chief Engineer

Sir,

My dear Sir,

The Locomotive Engineer's letter of 24th July and 16th August to the Collector of Malabar forwarded to me for information.

No steps appear to have been taken to stop the trespassing, Cultivation is still going on, our authority even our Compounds is not at all safe, and the Police have been told to caution parties not to attempt to clear our premises.

The Foreman at Tirroor 7 98 was seen by Lieutenant the Assistant to Collector, who desired him to communicating the Deputy Collector's instructions to him.

All Beypore the Station yard has been almost to become so totally that under existing circumstances any staff is totally insufficient to protect it.

Two Carriages were the 30 ultimo by a Luggage train on the Tirroor line. I will bring this Compound to your notice at your coming inspection.

Cattle now trespass at Tirroor and Tanoor almost daily and the Compounds are freely used by the people. We cannot prevent them without punishing unpleasant consequences because the Collector has informed me that it would be illegal to do so.

Although I have of course totally uncovered, yet the Collector has ordered the removal of this Fence, the result of the Inspection would not be for the present.

execution of our duties very disagreeable to us.
Should any fatal accident occur, who will be to blame? The Police under orders from the Magistracy forbid us to provide for the safety of the public, and if we act as ex officio Constables which we are, we are liable to suffer personal restraint and indignity.
