*Proceedings of the Madras Government, Public Works Department,
18th September 1866.*

No. 468. Read the following Proceedings of the Government of India, Public Works Department, (Civil Works—Miscellaneous,) dated Simla, 31st August 1866, No. 796 C:—

Copy of the following and the License referred to forwarded to the Government of Madras, in the Public Works Department, with reference to its No. 2,032, dated 27th June 1866.

By order,

(Signed) R. B. PEMBERTON, Captain, R. E.,
Assistant Secretary to the Government of India.

From the Secretary to the Government of India, (Home Department—Electric Telegraph,) to the Officiating Director General of Telegraphs in India, dated Simla, 28th August 1866, No. 4,055.

1. Referring to Colonel Robinson's letter No. 2,990, dated the 1st of March last, I am directed to inform you that a License has been granted to the Madras Irrigation and Canal Company to establish a line of Telegraph from Kurnool to Cuddapah, along the course of the Company's Canal.

2. The License (a copy of which is enclosed for your information) will be delivered to the Agent to that Company, through the Public Works Department.

3. Referring to Section 2 of the License, I am to observe that if any places connected by the proposed line should hereafter be connected by a Government line of Telegraph, it will be time enough then to consider whether the restriction imposed in the License should be relaxed by the application to the Company's line of the concession made in the Resolution of the 6th August 1862.

L I C E N S E.

His Excellency the Governor General in Council is pleased, under the provisions of the second Section of the Act No. VIII. of 1860, entitled "an Act for regulating the establishment and management of Electric Telegraphs in India" to permit the Madras Irrigation and Canal Company to establish a line of Electric Telegraph from Kurnool to Cuddapah along the course of the Company's Canal, subject to the following conditions:—

I.—The system adopted on the lines of Government Electric Telegraph in respect of instruments, alphabet, and transmission of messages, shall also be adopted and strictly followed by the Madras Irrigation and Canal Company, and the Officers of the said Company shall conform to all instructions they may receive in that behalf from the Director General of Telegraphs in India.

II.—The Madras Irrigation and Canal Company shall not convey between any two places connected by a Government Telegraph any messages except such as directly and immediately concern the working of the Canal, but where no Government line of Electric Telegraph has been or shall be established, the conveyance of any messages by the Madras Irrigation and Canal Company's Telegraph is permitted.

*Proceedings of the Madras Government, Public Works Department:
18th September 1866.*

III.—Whenever the conveyance of messages on account of the public is carried on by the Madras Irrigation and Canal Company's Telegraph, the Government shall have priority for its messages on paying for them at the usual rates.

IV.—If the Government shall at any time desire to construct a line of Electric Telegraph along the line of the Canal or along any part of that line, the Government shall be at liberty to use for the wires of such Telegraph the posts erected by the Madras Irrigation and Canal Company on paying to that Company one-half of the cost of the posts so made use of.

V.—The Government shall have the right of erecting a separate Telegraph line of its own at any future time within the Canal boundary, and shall have a right of way for their Inspectors, Artificers, Workmen and others engaged in the construction or repair of such line.

This License is revocable on the breach of any of the conditions herein contained.

By order,

(Signed) E. C. BAYLEY,
Secretary to the Government of India.

License dated the 28 August 1866.

His Excellency the Governor General in Council is pleased under the provisions of the 24 Section of the Act No. VII of 1860, entitled "An Act for regulating the establishment and management of Electric Telegraphs in India," to permit the Madras Irrigation and Canal Company to establish a line of Electric Telegraph from Kurnool to Buddapah along the course of the Company's Canal subject to the following conditions:

The system adopted on the lines of Government Electric Telegraph in respect of instruments, Alphabet and transmission of messages shall also be adopted and strictly followed by the Madras Irrigation and Canal Company and the officers of the said Company shall conform to all instructions they

Sir

may receive in that behalf from the Director General of Telegraphs in India.

2. The Madras Irrigation and Canal Company shall not convey between any two places connected by a Government Telegraph any messages except such as directly and immediately concern the working of the Canal, but where no Government line of Electric Telegraph has been or shall be established, the conveyance of any messages by the Madras Irrigation and Canal Company's Telegraph is permitted.

3. Whenever the conveyance of messages on account of the public is carried on by the Madras Irrigation and Canal Company's Telegraph the Government shall have priority for its messages on paying for them at the usual rates.

4. If the Government shall at any time desire to construct a line of Electric Telegraph along the line of the

the Canal or along any part of that line, the Government shall be at liberty to use for the wires of such Telegraph posts erected by the Madras Irrigation and Canal Company on paying to that Company one half of the cost of the posts so made use of.

5. The Government shall have the right of erecting a separate Telegraph line of its own at any future time within the Canal boundary and shall have a right of way for their Inspectors, Artificers, Workmen, and others engaged in the construction or repair of such line.

This Licence is revocable on the breach of any of the conditions herein contained.
