Proceedings of the Madras Government, Public Works Department,
19th September 1866.

No. 501. Read the following letter from the Superintending Engineer, 5th Division, to the Secretary to Government, Department Public Works, dated Kristnagheri, 11th September 1866, No. 99:—

1. I have the honor to submit, for the sanction of Government, an estimate of Rupees 500, accompanied by a Traffic Return, for the "Maintenance of the road round the Merkanum salt platforms from the Cundadoo bridge to the Thembakum bridge," in the South Arcot District.

1 Estimate.
1 Traffic Return.

2. This road, which constantly requires repairs on account of the heavy traffic on it, is not provided with any grant for the same; and it is very necessary that it should be kept up in thorough repair, in order that the carts, &c., may have easy access to the platforms. Under these circumstances, the Executive Agent of the Range is proceeding with the requisite repairs to the road.

3. The amount for the current year can be obtained by a transfer of Rs. 500 from the allotment for Repairs, "Civil Buildings;" and from the ensuing year, I request that the Government will be pleased to sanction a similar sum under the head "Repairs, Communications" for this work.

No. 502. ORDER THEREON, 19th September 1866, No. 3,011.

CIVIL WORKS, No. 92.

1. The estimate submitted with this letter, and the transfer of funds proposed by the Superintending Engineer of the 5th Division, are sanctioned.

2. Colonel Foord is authorized to provide a sum of Rupees 500 in future Budgets for the maintenance of the road round the Merkanum salt platforms.
