Proceedings of the Madras Government, Public Works Department
20th September 1866.

No. 513. Read the following letter from the Superintending Engineer, of the 3rd Division, to the Secretary to Government, Public Works Department, dated Bellary, 8th September 1866, No. 1,704 :—

1. I have the honor to submit, for the sanction of Government, a plan, specification, and estimate, amounting to Rupees 730, for excavating a new Supply Channel to the Cooroovully tank in Alloor Taluq of the Bellary District.

2. Although a small amount of revenue will be derived from it, the benefit of its supplying the tank will be considerable, as the whole ayacut could be brought under cultivation, and allow a second crop being sown without fear.

No. 514. ORDER THEREON, 20th September 1866, No. 3,018.

CIVIL WORKS, No. 97.

The Government are unable at present to assign any funds for the proposed new Supply Channel to the Cooroovully tank, but they consider that it is a work which may properly be carried out from the Famine Relief Grant. Major Moberly will accordingly place himself in communication with the Collector on the subject, and if the money cannot be spared from that source, he will bring the project forward at some future time.

(True Extract.)

(Signed) CHARLES A. ORR, Colonel, R. E.,
Secretary to Government.

To the Superintending Engineer, 3rd Division, with Specification.
