Proceedings of the Madras Government, Public Works Department
25th September 1866.

No. 605. Read the following letter from the Superintending Engineer, 6th Division, to the Secretary to Government, Department Public Works, dated Tanjore, 11th September 1866, No. 692 :—

1. With reference to the sanction conveyed in G. O. No. 2,046, dated 28th June, for the entertainment by Captain Mead of a Draughtsman for four months, on a salary of Rupees 60 per mensem, to copy the plans, sections, &c., connected with the Cavery project upon which Captain Mead is specially engaged, I have the honor to inform you that, so far, neither have Captain Mead's or my efforts to obtain the services of an efficient Draughtsman proved successful, nor does there appear to be any probability of obtaining the services of an efficient Draughtsman.

2. Under these circumstances, I would solicit sanction to the following arrangement. That Mr. Fransz, the Draughtsman in this Office, should be permitted to work out of office-hours at Captain Mead's plans for three hours daily, and to receive Rupees 30 per mensem for so doing, from the sum sanctioned in G. O. No. 2,046, in addition to his salary in this Office. Mr. Fransz states that while in the Central Office of the late Public Works Department, he was permitted to undertake, on contract, for a lump sum out of office hours, the copying of maps from the Surveyor General's Office. I prefer, however, the arrangement I have proposed, viz., that three hours only per diem should be devoted to Captain Mead's work, lest Mr. Fransz should be fatigued when he arrived at Office, and be unable to perform the duties which more properly devolve upon him in this Office.

3. To save future references on the subject, I would suggest that the Controller should be authorized to pass, on bills submitted by Captain Mead, the sum of Rupees 240 for the copying of the plans, &c., prepared by him ; for efforts will still be made to obtain the services of one or more persons in addition to Mr. Fransz, to admit of the work being completed at an early date, and it is quite possible that Mr. Fransz's engagement may terminate shortly, as it will be necessary for him to proceed to Trichinopoly for a time, if the site of the new Central Jail is approved by Government, and an estimate for the Jail is to be prepared.

No. 606. ORDER THEREON, 25th September 1866, No. 3,065.

ESTABLISHMENT, No. 48.

The proposal contained in paragraph 2 of this letter is approved, as a special case ; but, in the event of other arrangements being made by the Superintending Engineer, the Controller is authorized to pass bills to the full amount sanctioned in G. O. No. 2,046, dated 28th June 1866, for the copying of the surveys, sections, &c., of the Cauvery river which are under preparation by Captain Mead.

No 692-

From

Captain R. F. Oakes R.E.
Superintending Engineer

To

Colonel C. A. Orr R.E.
Secretary to Government P.W.

Sir,

With reference to the Sanction conveyed in G.O. No. 2046 dated 28th June for the Entertainment by Captain Mead of a Draughtsman for four months on a Salary of Rs. 60 per mensem, to copy the Plans — Sections &c. connected with the Cavery Project upon which Captain Mead is specially Engaged, I have the honor to inform you that, so far, neither have Captain Mead's or my efforts, to obtain the Services of an — efficient Draughtsman, proved successful, nor does there appear to be any probability of obtaining the Services of an efficient — Draughtsman.

2- Under these circumstances, I would solicit Sanction to the following arrangement.

That Mr Fransz the Draughtsman in this office should be permitted to work out of Office Hours at Capt: Mead's Plans.

for 3 hours daily and to receive Rs: 30 per mensem for so doing, from the Sum sanctioned in G.O. No: 2046 in addition to his Salary in this office. Mr: Fransz States that while in the Central Office of the late P.W.D he was permitted to undertake, on contract for a lump Sum, out of office-hours, the Copying of Maps from the Surveyor Generals Office. I prefer however the arrangement I have proposed viz: that 3 hours only per diem, should be devoted to Capt Meads Work, lest Mr: Fransz Should be fatigued when he arrived at office and be unable to perform the duties which more properly devolve upon him in this Office.

3 To Save future references on the Subject, I would Suggest that the Controller Should be authorized to pass, on Bills Submitted by Capt: Mead, the Sum of Rs: 240 for the Copying of the Plans &c: prepared by him; for Efforts will still be made to obtain the Services of one or more persons in addition to Mr: Fransz to admit of the Work being Compleated at an early date, and it is quite possible that Mr: Fransz Engagement may terminate shortly,

as it will be necessary for him to proceed to Trichinopoly for a time, if the Site of the New Central Jail is approved by Govt: and an Estimate for the Jail is to be prepared.

I have the honor to be
Sir
Your most obedient Servant

To the Secretary to Government.

Sir,

Copy of the Letter from the Superintending Engineer, Trichinopoly Division, No. 1956, dated 29th August 1866, with enclosure, on the subject of the Survey of the Cauvery River, and requesting that the Controller may be authorized to pass bills for the Survey Establishment employed on the Cauvery River, to the full amount sanctioned in Public Department Proceedings No. 2016, dated 28th June 1866.

2. I beg to state that the Survey Establishment has been employed on the Cauvery River since the 1st January 1866, and that the Controller has passed bills for the Establishment to the amount sanctioned in Public Department Proceedings No. 2016, dated 28th June 1866, but that he has refused to pass bills for any amount beyond that sanctioned.

3. I have the honor to request that the Controller may be authorized to pass bills for the Survey Establishment to the full amount sanctioned in Public Department Proceedings No. 2016, dated 28th June 1866.
