MILITARY DEPARTMENT.

PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following papers:—

From the Superintending Engineer, 3rd Division, Bellary, 11th September 1866, No. 1753; to the Secretary to Government, Public Works Department.

I have the honor to forward a copy of a letter from the Deputy Assistant Quarter Master General, regarding the unfinished buildings in the neighbourhood of the Artillery, which were commenced in 1863-64, but stopped in* April 1864, and requests permission to pull them down and use up the materials elsewhere.

No. 1803 *of* 7*th September* 1866.

* *Vide G. O., No.* 1143 *of* 6*th April* 1864, *in Military Department.*

2. It is impossible for the Department to keep watches to prevent people committing nuisances, and so I can recommend no other method but pulling down.

3. The walls are of stone in mud, and have never been roofed over, and would have to be pulled down before any roof could be put on, as they are cracked in all directions.

Copy of a letter No. 1803, dated 7th September 1866, from the Deputy Assistant Quarter Master General, Ceded District, to the Superintending Engineer, 3rd Division.

I am directed to call your attention to the urgent necessity which exists for the unfinished blocks of buildings close to Horse Artillery Barracks and European Hospital being kept clean.

2. Strong complaints have been made to the Major General by the Deputy Inspector General of Hospitals, the Medical Officer of the European Regiment and Officer Commanding the Artillery, of the abominable stench which arises from those places—they are in fact used as common privies.

3. The state of the buildings are further, in a sanitary point, highly objectionable, and likely to prove injurious to the health of the patients in the Hospital, and indeed to the Battery of Artillery.

Referred to the Military Department.

Secretary to Govt., P. W. D.
