Proceedings of the Madras Government, Public Works Department, 28th September 1866.

No. 676. Read the following Endorsement of the General Superintendent of Public Works Stores and Workshops, dated Chepauk, —— September 1866, No. 297 :—

Read the following letter from the Mathematical Instrument Maker, to the General Superintendent, Public Works Stores and Workshops, dated Egmore, 19th September 1866.

1. The term of my Covenant with the Right Honorable the Secretary of State for India, to serve the Madras Government as Mathematical Instrument Maker, for a period of five years, having expired on the 10th ultimo, and as I am desirous of continuing my service (Government permitting) for a longer time, I beg you will be pleased to forward to Government, with your recommendation, my application to be permitted to continue my service, under the Uncovenanted Service Rules, and that the term of my past service, commencing from the date of my engagement in England, be counted towards pension.

2. At the same time I would beg, if it is not inconsistent, that the clause in my Covenant, which provides for the giving and receiving of twelve months' notice before quitting the service, may be retained, and that after the expiration of my service I may be allowed a free passage to England for myself and family, as provided for in my Covenant. Having always been treated with the greatest liberality by Government since entering the service, I am induced to ask the above favors and trust that I may not be considered as asking too much.

---

1. Forwarded to the Secretary to Government, Department Public Works, with a request that the favors Mr. Doderet solicits may be granted by Government.

2. I consider, if Government will be good enough to allow the five years Mr. Doderet has served to count towards pension, it will act as a stimulus to further exertions on his part.

3. Mr. Doderet is a very useful and steady public servant, and one who it is highly desirable should be retained in the Department Public Works.

ESTABLISHMENT, No. 57.

1. The period for which Mr. Doderet was engaged, under a special Covenant with the Secretary of State for India, to serve as Mathematical Instrument Maker in this Presidency having now expired, the Governor in Council is pleased, in accordance with the recommendation of the General Superintendent of Public Works Stores and Workshops, to sanction his continued employment, and to extend to him the benefits of the Uncovenanted Service Rules with effect from the 10th August 1861, the date of his arrival at Madras.

2. The rules of the Uncovenanted Service secure to Mr. Doderet privileges which, under the terms of his Covenant, he is not entitled to. Those rules, however, do not provide for the grant of free passage to Europe to members of the
