Proceedings of the Madras Government, Public Works Department
***1st October* 1866.**

No. 2.

Dated 1*st October* 1866, *No.* 3,107.

CIVIL WORKS, No. 2.

In drawing the particular attention of the Superintending Engineer of the 8th Division to the Proceedings of Government, No. 3,060, dated 24th September 1866, His Excellency the Governor in Council wishes Captain Prendergast to understand that, it being an object of great importance to relieve the present overcrowded state of the District Jails as well as to reduce the cost of the new Jail which it is proposed to erect at Madura by giving healthful employment to as large a number as possible of prisoners on its construction, it will be his duty to make the utmost exertions to provide the requisite temporary buildings for their accommodation and for that of the Police guarding them. As soon as each portion of the requisite temporary buildings is completed the Superintending Engineer will apply to the Inspector General of Jails for a draft of convicts, who will assist in erecting other portions, which, in their turn, should be occupied in the same way by successive drafts till the full number of prisoners that can be usefully engaged is established upon the spot, when the construction of the hospital and one compartment of the radial plan, with its external wall, its palisades, and the buildings belonging to it should be cotemporaneously commenced and completed.

Proceedings of the Madras Government
No. 3107 under date the 1st Octr/66.

[illegible]

On drawing the particular attention of the Superintending Engineer of the 4th Circle to the Proceedings of Govt. No. 3060 dated 24 Septr/66, His Excellency the Governor in Council was pleased to direct Captain Prendergast to understand that it being an object of great importance to relieve the present overcrowded state of the District Jails as well as to

to reduce the cost of the new ~~Central~~ Jail which it is proposed to erect at Madras by giving healthful employment to as large a numbers as possible of prisoners on its construction it will be his duty to make the utmost exertions to provide the requisite temporary buildings for their accommodation and for that of the Police guarding them. As soon as each portion of the requisite temporary buildings is completed the Superintending Engineer will apply to the Inspector General of Jails for a draft of convicts, who will assist in erecting other

portions, which, in their turn, should be occupied in the same way by successive drafts till the full number of prisoners that can be usefully engaged is established upon the spot, when the construction of the ~~enclosure wall of the Jail~~ ~~the first part of the new buildings to be~~ ~~put in hand.~~ hospital and one compartment of the patial plan, with its external wall, its palisades and the buildings belonging to it should be contemporaneously commenced and completed.
