*Proceedings of the Madras Government, Public Works Department*
*1st October* 1866.

No. 18. Read the following letter from the Superintending Engineer, 3rd Division, to the Secretary to Government, Public Works Department, dated Bellary, 13th September 1866, No. 1,778 :—

1. I have the honor to request the sanction of Government to an increased grant for future Budgets under the head of Minor Repairs to Buildings, Military, Bellary. The allotment for the current year has already been exceeded (the amount appropriated altogether up to date is Rupees 15,983), and as I am unable to make any further transfers from other heads, as those have been appropriated, I am at a loss to know how to meet the further demands for repairs to Military buildings, and can only tell the authorities that they must be deferred until 1867-68.

2. As regards emergent repairs called for by the Medical Officer on sanitary grounds, both on Military and Civil buildings, I beg to know how I am to act.

3. I also beg that an increased allotment may be granted for Minor Repairs to Military Buildings at Cuddapah, and have entered in the margin* the amounts that I would propose. I would point out that in Bellary are included the Cantonment of Bellary and the Sanitarium of Ramandroog.

No. 19. ORDER THEREON, 1st October 1866, No. 3,116.

ACCOUNT, No. 2.

1. As it appears from this letter that the provision annually made in the Budget for Minor Repairs to Military buildings in the Bellary and Cuddapah Districts is insufficient, the Government authorize the Superintending Engineer to include in future Budgets the increased grants proposed to be assigned, these Proceedings being quoted in support of the entries.

2. With reference to paragraph 2 the attention of the Superintending Engineer is drawn to G. O. No. 2,754, dated 31st August 1866, which explains the only way in which funds required to meet the cost of emergent repairs can be made available during the current official year.
