Proceedings of the Madras Government, Public Works Department,
1st October 1866.

No. 22. *Dated 1st October* 1866, *No.* 3,118.

CIVIL WORKS, No. 7.

In drawing the particular attention of the Superintending Engineer of the 7th Division, to the Proceedings of Government, No. 3,060, dated 24th September 1866, His Excellency the Governor in Council wishes Colonel Walker to understand that, it being an object of great importance to relieve the present overcrowded state of the District Jails, as well as to reduce the cost of the new Central and District Jails which it is proposed to erect at Cannanore and Calicut respectively by giving healthful employment to as large a number as possible of prisoners on their construction, it will be his duty to make the utmost exertions to provide the requisite temporary buildings for their accommodation and for that of the Police guarding them. As soon as each portion of the requisite temporary buildings is completed, the Superintending Engineer will apply to the Inspector General of Jails for a draft of convicts, who will assist in erecting other portions, which, in their turn, should be occupied in the same way by successive drafts, till the full number of prisoners that can be usefully engaged is established upon the spot, when the construction of the Hospital and one compartment of the radial plan in each Jail, with its external wall, its palisades, and the buildings belonging to it should be cotemporaneously commenced and completed.

Proceedings of the Madras Government
No. 3118
Under date the 1st Octr 66.

In drawing the
particular attention of
the Superintending Engineer
of the Western Division
to the Proceedings of
Government No. 3060,
dated 24th September 1866
His Excellency the Gover-
nor in Council wishes
Colonel Walker to under-
stand that, it being
an object of great im-
portance to relieve the
present overcrowded state
of the District Jails
as

as well as to reduce
the cost of the new
Central Jails which it
is proposed to erect at
Cannanore and Calicut respectively
by giving Healthful
employment, as far as
practicable, to as large
a number as possible
of prisoners during their
construction; it will be
his duty to make the
utmost exertions to
provide the requisite
temporary buildings for
their accommodation
and for that of the
Police guarding them.
As soon as each portion
of the requisite buildings
is completed, the superintending Engineer will

will apply to the Inspector General of Jails for a draft of convicts, who will assist in erecting other portions, which, in their turn, should be occupied in the same way by successive drafts, till the full number of prisoners that can be usefully engaged is established upon the spot, when the construction of the ~~enclosure walls of the jails shall be the first part of the new buildings to be put in hand.~~ of the hospital and one compartment of the
