Proceedings of the Madras Government, Public Works Department, 4th October 1866.

No. 79. Read the following letter from the Controller of Public Works Accounts, to the Secretary to Government, Department Public Works, dated Madras, 2nd October 1866, No. 2,060:—

1. I have the honor to bring to the notice of Government, that in the Southern Range at the Presidency the sum of Rupees 95,010 was spent up to 31st August 1866, and a further sum of Rupees 14,144 was expended, making in all Rs. 1,09,154, up to the past month, out of a grant of Rupees 1,14,268. The grant is assumed at the reduced sum, viz., after deducting 10 per cent. diminished on account of the change in the official year, so that only 5,000 Rupees remain for outlay in the current month, which, however, I understand the Range Office expects will be supplemented by diversion from grants appertaining to other Ranges, the Range Officer having, it appears, applied for the same to the Superintending Engineer.

2. This Office has not readily the means of checking the outlay by comparison with the grant for each Range, as the Superintending Engineer has the distribution of the Range grants within his hands, and this Office is not informed of the changes, if any are made, from time to time, between the Range grants in a Division, and hence must depend on the Range Officer's Progress Report alone for this information. The Appropriation Returns of the 4th Division, have been rendered only for the months of May and June 1866, and these had to be revised very much, while the Progress Reports up to August 1866, from the Range Officers, have come to hand, and the accuracy of the appropriations given in the latter cannot therefore be checked in this Office.

No. 80. ORDER THEREON, 4th October 1866, No. 3,147.

ACCOUNT, No. 10.

1. Communicated to the Superintending Engineer of the 4th Division for early report.

2. Colonel Boileau will explain how it is that the Appropriation Returns of the 4th Division subsequent to June last have not yet been furnished to the Controller of Public Works Accounts.
