(Signed) W. S. BETTS,
Agent and Traffic Manager.

PUBLIC WORKS DEPARTMENT.
FORT SAINT GEORGE,
4th October 1866.

No. 3,153.

No. 91.
To

THE SECRETARY TO THE GOVERNMENT OF INDIA,
PUBLIC WORKS DEPARTMENT.

SIR,

RAILWAY, No. 6.

In continuation of my letter No. 3,042, dated 22nd September 1866, I am directed by the Governor in Council to forward a copy of the Revenue Account of the Great Southern of India Railway for the half-year ended 30th June 1866, together with a "Note" by the Consulting Engineer on the more important features of the Account.

I have the honor to be,
Sir,
Your most obedient servant,
(Signed) CHARLES A. ORR, Colonel, R. E.,
Secretary to Government.

Exd. S. T. Augustin.

No 393.

Note by the Acting Consulting Engineer for Railways upon the Revenue Account of the Great Southern of India Railway, for the half year ending 30 June 1866 —

1. The receipts during the half year were Rs. 2.09.950-
The working Expenses _____ " 95.169-
The Balance or Profit ____ Rupees 1.14.781-

2. The receipts, Working Expenses, and balance were as follows during the three half years ending. _____

	June 1865	December 1865	June 1866
Receipts _____	181.174-	203.291-	2.09.950-
Working Expenses _	88.872-	101.509-	95.169-
Balance _	92,232-	101.782-	1.14,781-

3. The receipts have steadily increased during the half years ending 31st December 1865 and 30 June 1866, while there has been a decrease in

in the Working Expenses in the last mentioned half year; as Compared with the preceding period.

4 The numbers of passengers of each Class, and the receipts realized from them, were:-

	Half year ending.		
	30 June 1865.	31st December 1865.	30 June 1866.
Single Fares			
Passengers 1 Class	616.	463.	582.
2d "	1823.	1876.	2037.
3d "	186,266.	163,906.	182,038.
Return Fares			
Passengers 2 Class	"	134.	.
3d "	"	32,202.	10,997.
Receipts	Rs	Rs	Rs
Single Fares			
1st Class	1655.	1245.	1534.
2d "	2,670.	2403.	2720.
3d "	87,772.	84,083.	92,864.
Return Fares			
2d Class	"	143.	.
3d Class	"	15,136.	3784.

5. The number of first Class passengers has fallen off since the half year ending 30 June 1865, but it has improved in this first half year of 1866 as

Compared

Compared with the second half of 1865. The number of Second Class passengers has increased; and altho' the number of third Class passengers at Ordinary fares fell off in the half year ending 31 December 1865 it has since improved, though it has not reached the figure at which it stood during the first half of 1865.

6 There is a considerable difference in the number of third Class passengers who availed themselves of Return fares in the half years ending 31st December 1865, and 30th June 1866. This arises probably from the Native festivals, during which special inducements are held out to third Class passengers, falling oftener in the second than in the first half of each year.

7 The receipts, with the exception of those derived from first Class Passengers in the half year ending 31 December 1865, have improved.

8 The receipts from Goods, Exclusive of Railway Materials, were as follows. in the

half

half years ending: —

30 June 1865 — Rupees 53,595-
31 December 1865 — " — 66,363-
30 June 1866 — " — 64.949-

From the want of information, which will be shortly furnished by the Agent, I have Omitted the number of Maunds conveyed during Each of the halfyears in question, but it is obvious from the receipts that the traffic has increased Since the 30 June 1865, although the halfyear now under review exhibits a slight falling off as Compared with the previous one.—

9. The working expenses have been reduced from 49·07 per Cent in the halfyear ending 30 June 1865, to 45·33 per Cent in the halfyear ending 30 June 1866.. This is Satisfactory.

10. The detailed Analysis of the traffic will be Submitted with as little delay as

as possible — I have &c
