Proceedings of the Madras Government, Public Works Department, 4th October 1866.

No. 104. Read the following letter from the Controller of Public Works Accounts, to the Secretary to Government, Department Public Works, dated Madras, 24th September 1866, No. 1,916:—

1 Enclosure.

1. With reference to G. O. 6th instant, No. 2,846, I have the honor to forward herewith a letter from the Accountant General to the Government of Madras, which shows the amount provided in the Civil (Financial) Budget for the current year on account of petty construction and repair of buildings relating to the Police Department.

2. The note in the margin will show that provision is also made in the Public Works Budget for like works. The latter would probably include provision for the completion of large stations already commenced by the Public Works Department, in which cases this provision must be continued in the Public Works Budget, but for all petty works no provision is necessary in the Public Works Budget. I recommend, therefore, that the Inspector General of Police be requested to furnish a Memorandum of the new works which should continue under the Executive charge of the Public Works Department and the amounts to be set apart for them. The remaining sums will then be available for other works, or for transfer to such Districts as require a special grant.
