REMARKS.

I. On the representation of the Superintending Engineer of the 7th Division that a portion of the maintenance grant for the Coloor Road Circuit in the District of South Canara was available for diversion to the bridges which are much required on that line, the transfer shown in this Statement was approved.

II. As the provision made in Part III. of the Budget for the maintenance of a road in the Madras District, includes the charge for Petty Establishments, the transfer of the amount to Part IV. is necessary.

III. As it appeared from the reports of the local authorities that the damage done by the late heavy floods in Ganjam necessitated urgent repairs to the irrigation works in that District to prevent the crops suffering, this transfer from "New Works" to "Repairs" was, under these exceptional circumstances, approved.
