G.O. No. 3168 Press
Mis.—
119—120

Dated 5—10— 1866.

Not to be folded or roughly handled

No. 119. Read the following letter from the Consulting Engineer Irrigation and Canal Company, to the Secretary to Government, Department Public Works, dated Camp, Ayalore, 21st September 1866, No. 65 :—

1. I have the honor to request that you will be good enough to inform me whether the Government are, as yet, in receipt of such information from the Secretary of State for India, with regard to the arrangements entered into with the Madras Irrigation Canal Company, and of which the newspapers have contained notices, as will enable me to prepare the Appendix C. to my Budget Statements for 1867-68, which will be due on the 30th instant.

2. The Agent, in the Statement of contemplated expenditure, has entered half a lac for establishments and contingencies, and fifteen lacs for works, but, so far as I know, there is not likely to be much of the original guaranteed capital of one million remaining after the 31st March next, though this will depend upon the date on which works may be resumed. The balance of the million on the 31st ultimo was a little under six lacs,* from which the home expenditure in August has to be deducted. The average expenditure from the 1st May last has been Rupees 39,596 a month, and, if the works be not re-started, there may, therefore, be about Rupees 2,80,901 remaining at the beginning of the next official year.

* Rupees 5,97,674.

No. 120. ORDER THEREON, 5th October 1866, No. 3,168.

ACCOUNT, No. 15.

The Government have received no information from the Secretary of State for India on the subject of paragraph 1 of this letter, but the Consulting Engineer is authorized to prepare his Budget for 1867-68 with reference to the "Statement of contemplated expenditure" which has been submitted to him by the Company's Manager.
