G.O. No. 3210 Press Mis.

200-201

Dated 9—10— 1866.

Not to be folded or roughly handled

Proceedings of the Madras Government, Public Works Department, 9th October 1866.

No. 200. Read the following letter from the Superintending Engineer, 4th Division, to the Secretary to Government, Public Works Department, dated Camp, Vellore, 26th September 1866, No. 2,444 :—

1. I have the honor to submit, for the sanction of Government, two plans and an estimate amounting to Rupees 1,030 for constructing two tunnels in the sixth mile of the Arcot and Arnee road in the Polur Range, North Arcot District.

2 Plans.
1 Abstract Estimate.

2. The existing single tunnel at this point does not provide sufficient waterway for the passage of the surplus water from the Oopoopet tank, and the road consequently gets annually breached. On the first occasion, it is stated that the cost of repairing the damages amounted to Rupees 300, on the second to Rupees 1,200, and in the last year to Rupees 700. The road again breached in the current year, and an estimate of Rupees 930 has been prepared for repairing the injury.

3. During my inspection of this road in February last, the defect of the old tunnel attracted my notice, and I directed Mr. Bevan to prepare and submit the necessary plans and estimate for constructing two larger ones instead.

4. The work being emergent, I have instructed the Executive Agent to commence it, a proceeding which I trust will be approved.

5. As the Government are not in a position to allot the necessary funds from the Reserve, I request to be permitted to continue the work, and to make the necessary adjustment of funds later in the year.

6 The repair estimate of Rupees 930 has, also, been put in hand.

7. The road has an annual maintenance grant of Rupees 3,800, but no portion of this can be spared to meet the cost of the repair estimate, which will therefore have to be provided for from savings that may be effected later in the year under other repair heads.

No. 201. ORDER THEREON, 9th October 1866, No. 3,210.

CIVIL WORKS, No. 42.

1. The Governor in Council sanctions the estimate amounting to Rupees 1,030 for the construction of two tunnels in the sixth mile of the Arcot and Arnee road in the North Arcot District.

2. The commencement of the works in anticipation of sanction is approved. Colonel Boileau will submit proposals later in the year for the adjustment of the outlay which is being incurred under his instructions.
