(Signed) CHARLES A. ORR, Colonel, R. E.,
Secretary to Government.

Exd S. T. Augustin.

Proceedings of the Madras Government, Revenue Department, 4th October 1866.

No. 65. Read the following Endorsement of the Superintending Engineer, 4th Division, dated Madras, 20th September 1866, No. 2,216 :—

Read the following letter from the Acting Sub-Engineer, in charge No. 3 Range, Madras, to the Superintending Engineer, 4th Division, dated Soonkuvar Choultry, 14th September 1866, No. 166.

1. I beg to report a very heavy fall of rain on the night of last Tuesday the 11th instant. It poured for fully twelve hours. All the tanks in the northern and western parts of this Talook, about which parts I am moving, have received good supplies: some having got in a third, some half, and some a full supply. Vegetation is everywhere luxuriant, and cultivation is being attended to with vigour.

2. The rain-fall affected the Kambakal slightly in its upper reach, owing to drainage received, in the lower portion, the supply from the same source was much more, as the channel in that reach sweeping along as it does at the foot of rising ground for miles, and serving as a catch drain thereto, was in a position to throw a large body of water into the lower tanks; the two that benefited thereby being those of Pillapakum and Streepermattur, which latter received a four months' supply.

Submitted to Government for information, as it is believed that at the present juncture the Government are glad to receive any such favorable reports.

(Signed) A. J. M. BOILEAU, Colonel, R. E.,
Superintending Engineer, 4th Division.

Transferred to the Revenue Department.

(Signed) CHARLES A. ORR, Colonel, R. E.,
Secretary to Government.
