Proceedings of the Madras Government, Public Works Department, 12th October 1866.

No. 301. Read the following letter from the Superintending Engineer, 2nd Division, to the Secretary to Government, Department Public Works, dated Masulipatam, 29th September 1866, No. 48 :—

I have the honor to solicit the sanction of Government for the transfer of Rupees 1,200 from the allotment of "Minor New Works" "Agricul tural," Kistna District, to the improvements of the Táluq Cutcherry at Rapulla,* Kistna. The estimate for this work was sanctioned by Government (estimate Rupees 2,110) in G. O. No. 73, dated 13th January 1863, and Rupees 96 were expended up to 1864-65 in the collection of materials, but the work was stopped in order that funds might be transferred for emergent works. I have received a report that the roof of the Cutcherry has fallen in part, during the late rains, and the Range Officer, Lieutenant Vibart, who inspected the work, states that the building is very unsafe and shaky throughout, several of the principal rafters showing signs of decay. He has directed the Overseer to unroof the building as soon as he can. Further, the Collector of the District urges the necessity of making the necessary provision for the maintenance of the building. The amount which I can save for the purpose from the existing allotment of the District is only Rupees 1,200, as above mentioned; for this I request the sanction of Government.
