Assistant Engineer St. P.W.

Byrne Thomas.
Zillah Surgeon

Edmd Lewitt Col R.E.
Superintending Engineer

No. 75. Read the following letter from the Superintending Engineer, 5th Division, to the Secretary to Government, Public Works Department, Fort Saint George; dated Kristnagherry, 11th September 1866, No 100.

With reference to G. O., No. 1332, of the 27th of April 1866, I have the honor to submit, for the sanction of Government, an estimate of Rupees 300, accompanied by a plan and specification, for constructing a "Dead House" at the Salem Dispensary.

Enclosures 3.
1 Plan.
1 Abstract estimate.
1 Specification.

2. The Zillah Surgeon having reported that no addition could be made to the Government grant from the Dispensary Funds, it has been necessary to estimate for walls of brick in mud, but a sufficient number of courses of brick in chunam will be introduced into the work to ensure its durability. The building being urgently required, the Range Officer has been instructed to commence it.

Referred to the Public Department, with reference to the Order in that Department, No. 402, dated 20th April 1866, promising a grant of Rupees 300, in aid of the erection of a "Dead House" at Salem.

FORT SAINT GEORGE,
15th September 1866.

(Signed) C. A. ORR, Colonel, R. E.,
Secretary to Government, P. W. D.

No. 76. ORDER THEREON, 8th October 1866, No. 1022.

The Zillah Surgeon of Salem having represented the urgent necessity of a "Dead House," in connection with the Civil Dispensary there, the Government, in their Proceedings of the 20th April last, No. 402, stated that they were prepared to make a grant of Rupees 300, in aid of the erection of the required building. It appears, however, that the Dispensary Funds are not able to bear any part of the cost, and as the estimate now submitted provides for a building within the sum proposed to be contributed by Government, the Accountant General will place that sum at the disposal of the Collector, for the purpose of carrying out the work. This will, of course, be executed under the supervision of the Executive Engineer of the Range.

(True Extract).

Secretary to Government.

To the Public Works Department, with plan, estimate, and specification.
" Collector of Salem.
" Accountant General.
