No. 520. Read the following letter from the Director of Public Instruction, to the Secretary to Government, Public Works Department, dated Madras, 13th October 1866, No. 2,163 :—

1. Adverting to your communications noted in the margin,* I have the honor to inform you that the Statement given in your Memorandum of the 2nd instant, No. 6, exhibits the correct amounts allotted in the Building Budget for 1865-66 for New Works and Repairs to be carried out by agency other than that of the Public Works Department.

* From the Secretary to Government, Public Works Department, dated 20th August 1866, No. 258.
From do. dated 11th September 1866, No. 268.
Do. do. ,, 20th ,, ,, ,, 279.
Do. do. ,, 2nd October ,, ,, 6.

2. The Statements enclosed in my Memorandum of the 15th ultimo, No. 1,952, showed in the one case the amounts of the estimates sent in for works, the execution of which was sanctioned. As the sums in question had been placed at disposal, I considered that they were rightly allotments, and not the sums merely entered in the Budget Estimate, and which might not be taken up for expenditure. In the case of the Táluq School at Darapuram, Rupees 7 was entered in excess of the Budget allotment, as funds to that extent were available from certain additional local subscriptions. The full sum of Rupees 957 was that of the estimate sent in. I do not now send in a revised Statement, as I shall simply have to copy the Budget figures, or those in the Statement attached to your Memorandum of the 2nd instant.

3. In the case of the second Statement furnished by me, that of expenditure, I thought it necessary, as in the other case, to enter the actual estimates under the head Allotment. As that, however, appears to be incorrect, I have struck out the figures, and put down the Budget allotments.

4. I trust that the Statement now sent in will be found correct. From your Memorandum of the 20th ultimo, I was led to conclude that the information called for, as far as allotments were concerned, was required with reference to works actually undertaken; but I see from your subsequent Memorandum that it was to take in the entire provision for works to be executed by other than Public Works agency.

The Statements of allotments to be submitted by the Board of Revenue and the Director of Public Instruction with future Annual Progress Reports of Local Fund expenditure by agency other than that of the Public Works Department, should show the available funds in the several Districts on the 31st March without reference to the sanction of the estimates for the works which may be entered in the Budget. All sums transferred during the year, under the Orders of Government, to the credit of the Civil Department from assignments which were originally intended to be spent by Public Works Officers, should be added to the Budget grants for the Districts concerned, and those withdrawn from the credit of Civil Officers and placed at the disposal of the professional Department should be deducted.
